WELCOME, NEW MEMBERS!!

1. Where did you hear about NSTRA/what was the appeal of NSTRA for you?
2. What breed of dog will you be trialing/what is your background with bird dogs?
3. Will your family be a part of the association/attending trials with you?

2. I have a 10 year old German wirehaired pointer, a 3.5 year old English setter and a 3 month old English setter.
3. When my daughter is older I would like to bring her along.
4. I guide in the fall with all my dogs, looking for a good way to extend the season. I have run other trials with my dogs and didn't care for the format.

ANGELO JANKOWSKI

1. I heard about NSTRA through podcasts, Instagram, trainers. Everyone says it's a ton of fun to get into and extends the season, which I would never complain about.
2. We have a first bird dog, Mac, a 2 year old German Shorthair Pointer. We will be adding a puppy in October, another shorthair.
3. My wife will be right by my side, cheering both of her boys on! This 2024 season will be our second season with a bird dog and upland hunting.
4. We are already hooked and can't wait to see how Mac can stack up against some other dogs.

ROB ALONGI

Letter from the President

Here it is the middle of August, the summer is racing to towards fall. With that comes an increase in trials and wild birds for our dogs.

Soon everyone will have the opportunity to elect a new President, First Vice President, and treasurer, don't forget to vote.

The 2025 and 2026 Purina Endurance Classic is also coming up for bid. Applications are due September 15th.

The 2024 NSTRA/Shriner's Benefit Trial is scheduled for Oct 11, 12, and 13. This is a wonderful opportunity to run your dog and help raise money for Shriners Hospitals for Children. It's a win/win! It's a great trial and hopefully more can join us this year for another super endeavor.

Articles for magazine. Marilyn Cunningham and Graphic Designer Olivia Harvey have done a great job with the magazine. However, recently we have received vary few regional articles. The heart and sole of NSTRA are the local trials. NSTRA has about 1200 trials per year. We would love to include local trials in the magazine but unless articles are submitted, we cannot include all the great events throughout the country. Trial Chairman please help us make our magazine about all those who participate in local trials.

RULE CHANGE

8.28 There shall be no cell phones allowed in the field by anyone besides officials. Use of cell phones by officials shall be for emergency use only. Anyone violating this rule could be suspended from all recognized field trials for a calendar year following the violation. 4/24

National trials are the responsibility of the National Officers with input from the Board of Directors and the local co-chairs of national trials. Criteria for entry, which may be subject to change, for the original 5 National Trials is available in the reference section of the Rule Book beginning on page 41, Section 11. If a particular national trial is subject to changes in the entry criteria, there will be notice provided on the official entry form, in the magazine, on the national website, and/or by email if available.

To enter a national trial, you may submit a hard copy official entry form and payment, OR you may scan and email an official entry form with payment information, OR you may send by facsimile and official entry form with payment information, OR you may enter and pay on-line on the website. NO EXCEPTIONS.

Please note that additional new national trials may be added from time to time and do not yet appear in the current Rule Book. Please contact your National Officer Representative or the National Office staff for additional information regarding such trials. The current list of National Trials is as follows:

QUAIL FOREVER, formerly known as Quail Invitational. This is a revolving trial generally held in February.

TRIAL OF CHAMPIONS. This trial is held in Amo, Indiana, in April.

NATIONAL AMATEUR TRIAL OF CHAMPIONS. This trial is held in Amo, Indiana, in April.

UKC PERFORMANCE TRIAL. This trial is a revolving trial generally held in June.

PURINA ENDURANCE CLASSIC. This is revolving trial generally held in September:

DOG OF THE YEAR. This trial is held in Amo, Indiana, in October.

TOP PERFORMANCE AWARD:
To be eligible:

*Dogs must have at least 20 open points accumulated in weekend trials between June 1 through May 31 of the applicable year. Once a dog is eligible, a schedule of scoring is applied based on the results at regional elimination trials and National Trials

*The Performance Trial will be the beginning national trial each year, even if it ends prior to June 1 in order to keep the number of national trials the same each year.

*The Regional Elimination trial results used in calculating Top Performance Awards is the regularly scheduled regional elimination championship in the qualifying year/season (only one regional

can count per year). Regionals scheduled or re-scheduled to be held after June 1 will apply to the previous year. Each regional elimination will have a point value of 600 points. The value will drop 25 points per placement until the last dog or points run out (1 – 600, 2 – 575, 3 – 550, etc.). The placement for the regional eliminations is determined by the score of the last round in which the dog ran. In addition, 100 points will be awarded to the Champion, 75 for the second-place dog, 50 for the third and 25 for fourth.

*The National Trials results are calculated as follows: A dog must place in the top 32 dogs to receive a qualifying score from that trial. Each national trial will have a point value of 800 points. The value will drop 25 points per placement throughout the Saturday cut (1 – 800, 2 – 775, 3 – 750, etc.). The placement for the national trial is determined by the score of the last round in which the dog ran. In addition, 100 bonus points will be awarded to the Champion, 75 for **second place**, 50 for third and 25 for fourth.

HALL OF FAME NOMINATIONS:

Hall of Fame nominations will be accepted in a rolling calendar throughout the year. Send these nominations to the nation office, or to a national officer no later than March 31 of the year in which a dog is to be considered. Nominations of dogs to the NSTRA Hall of Fame are NOT “carried over” to following years. Plainly stated, a dog that does not get elected to the Hall of Fame in the year nominated must be re-submitted in order to be considered for election. The National Officers, in concert with the Board of Directors, make selections to the Hall of Fame each April.

TRIAL SCHEDULES:

Fall/winter trial schedules are due in the office by May 1. Spring/summer trial schedules are due in the office by Nov. 1. All trials must be published on the website 4 weeks prior to their running.

SANCTION FEES:

Trial sanction fees are required BEFORE a trial packet is mailed and before a trial may be “approved” in the system. Please pay all sanction fees at least 4 weeks prior to your trial date to ensure prompt mailing of the packet and to ensure that the trial may be drawn in a timely manner.

TRIAL REPORTS:

Trial reports and results should be entered into the trial draw system as soon as possible after a trial and no later than 10 days after the trial date. Overall results will not be approved until the reporting is complete. First place points and championships will not be confirmed or awarded until the reporting is complete. (This includes receipt of all registration paperwork for placing dogs.)

HOME REGION:

Members requesting a change of Home Region must do so, in writing, through the National Office between the dates of October 1 and January 1.

*Exception: A member who permanently relocates to within the boundaries of a Region, other than their Home Region, may make written application to the NSTRA office at any time to request a change in their Home Region.

ASSOCIATE MEMBERSHIPS:

Associate memberships are available to members' spouses and children 18 years and under, still living at home. There must be at least one regular paid membership in the household to qualify. Associate members have the same rights as regular members with respect to participating in field trials (e.g., owning dogs, handling dogs, judging, bird planting, etc.). Associate member may not vote in any regional or national elections including rule or by-law changes, they cannot hold an office, and they do not receive a magazine.

RULE CHANGES:

Proposed rule changes or new additions shall be submitted sixty (60) days prior to the first day of the Trial of Champions and/or the Dog of the Year trial.

CONSTITUTION/BY-LAW CHANGES:

All proposed amendments to the Constitution and By-laws shall be submitted to the National Officers at least ninety (90) days prior to the first day of the Trial of Champions and/or the Dog of the Year trial.

(continued on next page)

REGION HIGH POINT:

Points earned in the qualifying rounds of a Regional Elimination or a Championship trial DO count towards the region's high point competition. Points earned in the finals of above trials DO NOT count towards the region's high point.

OWNERSHIP CHANGE:

Once a dog takes a NSTRA placement, any subsequent ownership changes must be sent to the NSTRA office. Please send a copy of new registration papers with the new owners' names to the office. The date of transfer will be the date shown on the registration papers.

UNREGISTERED DOGS:

As of June 1, 2022 a dog cannot run in a NSTRA trial without a system-generated dog profile or record. A trial coordinator cannot create the record. National staff or officers can only create the record once registration papers are received in the NSTRA office. In addition, there remain many "unapproved" dogs in the system. Unapproved dogs shall not be entered to run in trials until proper paperwork is received and appropriate action to create the record is completed. This can either be submitted by the owner or the trial chairman. We will accept copies by fax (317-839-4197), e-mail (office@nstra.org), or a photocopy by regular mail.

NSTRA DISTINGUISHED MEMBERS:

The NSTRA Distinguished Members award honors those extraordinary men and women whose contributions and achievements significantly helped develop, or continued to improve, the National Shoot to Retrieve Field Trial Association, Inc. This award will be presented annually at the Dog of the Year banquet. Nominations may be submitted at any time to the staff at the national office, to a National Officer, or to the current chair of the Distinguished Members Committee. A short description of the individual and their contributions to NSTRA should be sent to the national office. A picture of the individual should be included, if

available. Contact the NSTRA office for a list of criteria. The committee will review all Nominations and verify contributions.

Decisions will be made not only by the information submitted but by any other information collected. The committee will make their decision by the April Board of Directors' meeting. A permanent plaque will be located at the NSTRA office with a smaller plaque awarded to the individual or their family if deceased.

Understanding CDC's New Rule for Bringing Dogs into the United States

By AKC Government Relations

**PLEASE SEE IMPORTANT REVISION AT THE END OF THIS ARTICLE
THE ENTIRE ARTICLE IS BEING INCLUDED FOR FULL INFORMATION OF
NEW CDC RULES ON IMPORTATION OF DOGS**

In March, 2024, the United States Centers for Disease Control and Prevention (CDC) published a new rule for the importation of dogs into the United States. The rule, which becomes effective on August 1, 2024, will require all dogs to be at minimum six months of age prior to import into the U.S.

The American Kennel Club (AKC) supports the aims of import regulations that seek to protect pet and public health, including those that seek to protect the United States from reintroduction of DMRVV (canine rabies). However, AKC is disappointed that the new rule is overly broad and disparately impacts purebred dog enthusiasts who import a personal animal or collaborate internationally, or dog event competitors that travel internationally. AKC will continue to share our concerns with CDC, and encourages those who believe they will be impacted negatively by the rule to share concerns with CDC at cdcanimalimports@cdc.gov.

View AKC's comments submitted on the proposed rule.

Why is CDC doing this?

Through its new rule, CDC is seeking to prevent and deter the importation of dogs carrying DMRVV (canine rabies) and other diseases or pathogens that threaten public health. Recent cases of such imports have been associated with falsified or fraudulent rabies vaccinations and/or other required health and import documentation. In 2020, CDC observed a 52% increase in the number of dogs that were ineligible for admission into the U.S. due to falsified or fraudulent documentation. The CDC's new rule cited several cases of rabies-positive dogs being imported into the U.S. by, or on behalf of, animal rescue groups that presented with documentation for those dogs that had been falsified.

Unfortunately, many of the dogs with falsified paperwork were claimed as personal pets (not for transfer/resale), to fraudulently exploit a U.S. Department of Agriculture (USDA) exemption that allows personal pets with demonstrated immunity to canine rabies to enter the U.S. before six months of age. Except for this exemption and several others, current law requires all dogs entering the U.S. for transfer (sale, adoption, etc.) to be at least six months of age.

In the final rule, CDC estimates that, in addition to the human toll, the importation of one rabies-infected dog costs federal, state, and local governments \$270,000 for conducting public health investigations and administering rabies medications to exposed persons. That number jumps to \$11.6 million if an exposure results in one human death.

Understanding the New Requirements

The new requirements are not legislation. Legislation requires passage in Congress and being signed into law by the President. Instead, the requirements are part of a final administrative rule promulgated under the CDC's existing legal authority to take administrative action to protect public health. There are numerous examples of this type of action in recent years, including the establishment of bans on imports from certain countries during the COVID-19 crisis. Here is a one-pager explaining the key differences between the legislative and regulatory processes.

The CDC considered two factors to be of utmost importance for protecting public health as related to importing dogs into the U.S.: The dog's vaccination status and its country of origin.

Effective August 1, 2024, all dogs imported into the U.S. are required to:

- (1) Appear healthy upon arrival,
- (2) Be at least six months of age,
- (3) Have an ISO-compatible microchip implanted for identification purposes, and
- (4) Be accompanied by a CDC Dog Import Form online submission receipt (no cost).

There are additional requirements for the following:

A dog entering the US from a rabies-free or low-risk country may enter the U.S. at any U.S. port. It also must be accompanied by written documentation that the dog has resided or otherwise been only in rabies-free or low-risk countries for the six months before attempted entry into the U.S.

A U.S.-vaccinated dog entering the US from countries considered high-risk for rabies must be accompanied by a Certification of U.S.-issued Rabies Vaccination form, and may enter the U.S. at any U.S. port.

A foreign-vaccinated dog from a high-risk country must have a reservation with a CDC-registered Animal Care Facility, be accompanied by a Certification of Foreign Rabies Vaccination and Microchip form and a CDC Dog Import Form online submission receipt, and titer results from a CDC-approved laboratory. Dogs without titer results will be required to quarantine. These dogs may only enter the U.S. at airports with a CDC quarantine station and a CDC-registered Animal Care Facility.

A U.S.- or foreign-vaccinated dog from a rabies-restricted country must be accompanied by a completed Certification of Foreign

Rabies Vaccination and Microchip form and a CDC Dog Import Permit, and enter the U.S. only at airports with a CDC quarantine station and a CDC-registered Animal Care Facility. This is a limited exception for service and government-owned animals; otherwise dogs from a rabies-restricted country are not permitted to enter the U.S.

AKC Concerns: Disparately Impacting Purebred Dog Breeders and Competitors

Rabies is a devastating virus that is nearly 100% fatal once clinical symptoms appear. AKC recognizes and supports the vital importance of protecting U.S. public and animal health, including our status as a DMRVV-free country. AKC also recognizes CDC's goal of reducing opportunities for fraud that threaten this status, and the need to improve efficiency for the importation of dogs. AKC appreciates that the rule does improve and streamline some import documentation.

Unfortunately, CDC's approach does not recognize that law-abiding importers importing only a personal-owned dog represents a different risk profile than those importing dogs intended for transfer. The cases of rabies-positive dogs that have been imported into the US (as cited by CDC and noted above) were all related to fraud associated with the importation of dogs for resale. In developing its new rule, CDC did not differentiate between the public health risks represented by a law-abiding dog owner importing a personally owned animal that will reside with and be cared for by a documented individual, versus entities importing large quantities of dogs for unknown final consumers and that are already violating certain import requirements.

CDC's new rule also neglects to recognize the value of international collaboration among sportsmen and breeders of purebred dogs, particularly in preserving breeds at risk of extinction. For example, under the rule in effect through July, puppies that have reached four months of age and were vaccinated at three months of age, therefore considered fully vaccinated against rabies, may be imported by U.S. dog enthusiasts to begin training and assess future breeding quality. It also fails to recognize that some event competitors may temporarily travel between the U.S. and Canada, both of which are canine rabies-free countries, to compete with their dogs at events sanctioned by AKC or the Canadian Kennel Club.

Problematic international animal rescue importations that were based on falsified or fraudulent documents resulted in the importation and distribution of rabies-positive dogs among the general population of the U.S. Conversely, purebred dog enthusiasts who import a personal animal or collaborate internationally, or dog event competitors that travel internationally, were not responsible for those importations and are not proven to create similar threats to the health of either the American public or our animals. CDC's new rule nevertheless imposes new requirements and restrictions on these breeders and competitors, which AKC views as disparately impacting them.

Next Steps

AKC will continue to share our concerns with CDC about the disparate impact that will be experienced by purebred dog enthusiasts who import a personal animal and by owners who travel internationally or regularly transit land borders with their dogs, and continues to encourage those who believe they will be impacted negatively by the new CDC dog import rules to express their concerns directly to CDC at cdcanimalimports@cdc.gov.

AKC will also continue to provide updates on federal regulatory actions as developments warrant. For more information, contact AKC Government Relations at doglaw@akc.org.

IMPORTANT UPDATE:

CDC Revises Requirements for Importing Dogs Older Than 6 Months from Low-Risk Countries

By AKC Government Relations

Yesterday (July 22, 2024), the Centers for Disease Control (CDC) provided an update related to new CDC requirements effective August 1 for importing or traveling into the United States with a dog older than 6 months of age.

The revisions to the rule no longer require an additional rabies vaccination form certified by a USDA-accredited veterinarian or an official government veterinarian in the exporting country. **Instead, for dogs entering the U.S. from low-risk or dog-maintained rabies virus variant (DMRVV)-free countries like Canada, the revised rule simplifies entry by requiring one form—the CDC Dog Import Form—that does not have to be endorsed by a veterinarian.** This form requires the dog's microchip number, a picture, and an attestation that the dog has not been in a high-risk

country in the past six months.

Additionally, instead of making travelers update this form for every entry, it will now be valid for six months. **However, CDC will continue to require all dogs entering the U.S. to be at least six-months old and be microchipped.**

As stated in the update:

“To provide greater flexibility to the requirements for dogs coming from dog rabies-free or low-risk countries, when the rule goes into effect on August 1, 2024..., dogs that have spent the prior six months only in dog rabies-free or low-risk rabies countries will be able to enter the United States with a CDC Import Form online submission receipt as acceptable documentation.

This form can be filled out the day of travel and the receipt can be shown to airlines and border officials as a printed copy or by phone. The receipt will be good for travel into the U.S. for six months from the date of issuance, including multiple entries.

All dogs entering the United States must have a microchip and be over six months of age.”

The online CDC Dog Import Form, and other information regarding bringing dogs into the United States from low-risk countries may be found on the CDC website.

AKC continues to be concerned with the disproportionate impacts the new rule will have on low-risk importations for dogs between 4 and 6 months of age. We urge you to send respectful comments to CDC and your members of Congress regarding this issue. Read AKC’s previous alert for talking points and more information on how to contact them regarding this issue.

For questions and concerns regarding the new CDC rule, contact CDC directly:
(404) 498-1600 or cdcanimalimports@cdc.gov.

Are Sunflower Seeds Good for Dogs?

Dogs should be given only natural raw or toasted sunflower seeds (not salted ones). Studies on the effects of fatty acids on dogs have shown that, given as a dietary supplement, they improve the condition of a dog’s skin and contribute to a healthy, shiny coat.

Just one-quarter cup of shelled sunflower seeds contains 5.5 grams of protein, three grams of fiber, 14 grams of fats, and 163 calories. Sunflower seeds contain Vitamin E, known to be an antioxidant. It also plays a role in forming cell membranes and supporting the immune system. Just one ounce of seeds contains a dog’s daily requirement. Along with Vitamin E, the seeds are packed with vitamins and minerals like B1, B6, B3, selenium, copper, and manganese.

Of course, your dog’s food should be providing all of the nutrients they need to thrive, but the health benefits of this delicious snack are an added bonus.

How Should I Feed My Dog Sunflower Seeds?

As a general rule, sunflower seeds should be an occasional snack given in moderate amounts. Small dogs can have ten to 20 seeds a week, while large dogs should have no more than 20 to 40 seeds per week. Moderation also goes for products like sunflower butter, limiting it to a spoonful once in a while. Contact your veterinarian before adding them to your dog’s diet.

What are the Risks of Feeding My Dog Sunflower Seeds?

Make sure to only give your dog plain sunflower seeds. The salt in packaged seeds is harmful and can cause salt toxicosis, whose effects can include muscle tremors, weakness, and gastroenteritis.

Most important, don’t allow your dog to eat sunflower seed shells. These husks are extremely hard and can’t be broken down during digestion. Shells can get stuck in the digestive tract, causing blockage or obstruction. At the very least, your dog could suffer from abdominal pain, diarrhea, and vomiting. The shells are also a serious choking hazard, so be sure to offer your pup only shelled seeds.

As for those beneficial fatty acids and fat content: what’s good for dogs in moderate amounts is harmful in large amounts. Eating too many sunflower seeds can result in gastrointestinal upset and irritation. If your dog is prone to pancreatitis or your pet has a sensitive stomach, it’s best to avoid sunflower seeds altogether, since the high-fat content can bring on vomiting, lethargy, decreased appetite, and other digestive upsets.

In general, sunflower seeds are not a bad treat for your dog. As long as you’re feeding them unsalted, shelled, natural seeds, they can enjoy moderate amounts of this nutrient-filled, nutty-flavored snack.

2024 UKC Performance National Trial

NSTRA sportsmanship at its best!

Kristy Goodall congratulating Kevin Sprick on winning the UKC Performance

The 2024 UKC Performance Classic was held at Rock Creek Field Trial Association May 29 through June 1, 2024. The format was beat-your-bracemate for all the rounds. The weather was the best that it has ever been. On Thursday, the afternoon brought showers and lightning, so the trial was stopped. After an hour-long delay, the trial was re-started and round 1 was completed. A big thank you needs to go to Bo Nutt, the trial chairman, for his coordination of this event. In addition, Rock Creek members Todd Hendrix, David Paitz, Connor Paitz, Aaron Hunt, and Shaun Rydl need a big thank you as well. The fields were in excellent shape, the facilities were spruced up. If you have never been to Nebraska, you should go – the food is excellently coordinated and prepared by Kim Lathrop with assistance from Natalie Rydl and Natalie Hendrix. Also, thanks for the breakfast prepared by Bill Sumpter and Frank Downs.

A big thanks also goes to Sara Moore who donated shirt sales of \$775 to the “Buy a Defibrillator Fund” for local NSTRA clubs & regions.

Officiating a national trial requires dedication and a commitment to NSTRA and this wonderful game. It is hard work and the standards are high. The UKC Performance was lucky to have some of the best officials available:

Judge Ron Becker (IL), Field Marshal Lori Sprick (IL), and Judge Frank Downs (MW)

Judge Tim String (AR), Field Marshal Manon Chamberland (FL), and Judge James String (AR)

Bird Planter Bo Marcum

Bo Marcum playing in the puddles.

If you don't think bird planter's have some challenges to overcome during the course of the trial--look above at the picture on the right to see what Bo had to deal with after the Thursday rain.

The trial was drawn with 128 dogs, but by the time the trial started, there were 7 bye spots. There were 48 English Setter, 35 German Shorthair Pointers, 19 Brittany's, 10 English Pointers, 8 German Wirehairs, and 1 Llewelin Setter from 17 regions.

The Midwest entered 27 dogs, Kentucky 12, Lone Star 9, Florida & Indiana 8, Michigan, West Tex/OK and Mo-Kan 7, Wisconsin & Ohio 7, Arkansas/LA and Gulf Coast 5, Illinois & Big Sky 4, Southern California 3, Rocky Mountain 2 & MidNorth 1 for a total of 121 dogs which had 69 males & 52 females.

Each handler received a 6 lb bag of Purina ProPlan, a 2024 UKC Performance hat, a cooling towel and a clipboard with pen for each dog.

The trial started Wednesday morning by honoring veterans and first responders at the flag with a prayer and National Anthem.

On Wednesday, at 7:30am, the trial got underway with Manon, James & Tim officiating on A field. The results were:

With Kevin Sprick & Bobbi Sue IL Region

Probably the 2 toughest braces were on Saturday against Lavoie, and Little. I knew I had a chance at winning when I got my 6th bird in the final hour, I never take anything for granted! I have had so many people who I have learned from along the way. Many of the original handlers in the MSW, and IL regions.

Judging has also helped me to be a better handler. My advice to potential competitors is to run in any trial available to you and to put the time in with your dog. You have to amp it up for regionals and Nationals. Practice, especially safety's and have your dog in the best shape possible.

I'd like to thank Herb Ralston and Scott Townsend for breeding their dogs and giving me the opportunity to own Bobbi Sue. She not only is a great trial dog, she is the sweetest pet.

I got started in the early 1990's with Wayne and Ken Horner of the Missouri Show-Me region. I acquired my first trial dog from Wayne. The dog was the second pick of the litter, and his name was Jake. Jake was the first dog I ran in NSTRA. His registered name was Black Magic Jake, 9x champion and twice he was in the final 4 of Nationals. At that point, I wasn't able to trial much more than weekend trials due to my job.

Bobbi Sue is the great, great granddaughter of Jake and was also the second pick of the litter. We raised her from a puppy, and sent her to Scott Townsend for training. Thank you Scott for the great job you did! I constantly keep her training up, with Lori helping.

Our preparation for a National trial is not much different than our weekend trials. However, we do step up the conditioning. This is especially important when you're planning to run in potentially tougher, warmer conditions, such as in the UKC trial.

2024 NSTRA National Officer Election

Candidate Bio's

Candidate for President

BO NUTT

NSTRA Membership:

My name is Bo Nutt, and I am running for President of NSTRA. I'm 54 years old and married to Gina Nutt, dad to 3 beautiful girls (Morgan, Ashley and Mallory) and "Poppy" to 3 beautiful grandkids. Two years ago, I retired from a 34-year career with Anthony Timberlands, in which I was Master Lumber Grader/Scanner Technician for 24 of those years and Dry End Superintendent for the last 10. I oversaw 100 employees and was responsible for manufacturing 4 million board feet of lumber per week. I was very instrumental with operations and process improvements; setting metrics and goals and then accomplishing to meet those set goals and metrics. Today, I own and operate Nutts Double N Kennels. Training and handling dogs have always been a true passion of mine, being able to retire and get up each day to do what I love has been such a blessing. I also own and operate Nutts Consulting; Having the opportunity to consult some of the largest lumber businesses in our tri state area, I've been key in helping them modernize aged technology and equipment, provide valued process improvements to help them increase their percentage of output. The small communities these lumber mills exist in depend on the stability of jobs and what these lumber mill bring to their economy. I'm proud when I drive through these small cities and towns knowing I've helped them with their day-to-day living.

I joined the NSTRA organization in 1981 and have remained active in the organization since. My grandfather and dad were both active in the organization and introduced me to field trails. I started off as a bird planter and then shortly after began running dogs. My first placement came at the age of 12. I started judging trials when I was 18. Over the years, I have competed in numerous national trials across the country. Some of my best memories and friendships have come from NSTRA field trials. I served as the AR/LA region President for 10 years and set goals to bring in new membership and help mentor the new members. By doing this, we have become one of the largest regions in NSTRA. When I became president, one of my goals was to take the AR/LA region from the bottom one-third to one of the largest regions in NSTRA. We became one of the top tier regions with increasing membership and increasing weekend trials. Also, during my presidency, a main focus of mine was to create, set and maintain a budget in order to be able to give back to our membership more awards/prizes. Currently, I'm serving as the second VP of NSTRA and have been working very diligently on sponsorships and increasing our marketing efforts. To date, we have added several new sponsors and created lasting relationships with them. As a result of creating these relationships, our sponsors have increased valued donations, giving back to our membership. I created a marketing committee which has been very helpful with getting our organization in front of people on so many different platforms. We have engaged in more social media content and increased our viewers by 100's. I have been very instrumental in helping to create, set and maintain budgets for our national trials to be able to give back to our membership, with emphasis on the Final Four at national trials. I have also encouraged and improved communication from the national level to the regional levels.

Another area I've been working hard to better understand is our database, how it works and research ways to make it better. Basically, our database needs an overhaul. We are considering hiring a different firm to help with the limitations that we have with the current database. We feel with an upgrade in our database we can offer quicker/more user-friendly system for everyone to work from.

For NSTRA to remain successful and prosper it's going to take all of us working as a team by communicating, sharing ideas, thinking outside the box, keep increasing memberships and regional trials. Looking back over our numbers from this year our membership has increased by over 200 new members and our regions are holding more trials than ever. If elected, I would encourage all regions to continue their efforts with increasing membership; I believe implementing an incentive program to reward regions who exceed our set metric/goals. This would be another opportunity for us to give back to our members.

In closing, I know that a national position is more than just a title. It takes hard work, dedication and time commitment. I want to say that I'm excited to have the opportunity to represent you as President and to work with each one of you as a team, together we can take this organization to the next level. Remember, your vote and voice counts, I would greatly appreciate your vote. I will serve you to the best of my ability.

Bo Nutt

Candidate for President SCOTT TOWNSEND

I would like to introduce myself to those that do not already know me, my name is Scott Townsend. Please accept this letter as my formal submission to run for the National Shoot to Retrieve, President position.

Background

I have a long standing history with NSTRA, I joined in the late nineties and have been involved in it ever since. Before my involvement in NSTRA, out of high school, I spent four years in the Marine Corps. I was honorably discharged as an E-5 Sergeant. After my time with the USMC, I worked a couple different jobs and started attending college, studying Automotive Technologies and various other automotive related courses. I was hired in at Ford Motor Co. in 1992, working at the Research and Development Center in Dearborn, Michigan. After working several different job titles throughout my career, all related to auto mechanics and automotive electrical systems, I was able to retire from Ford Motor Co. 30 years later.

When I was about 12 or 13 years old, I got my first bird dog, and besides my time in the USMC, I have been working with them since. I started competing with my dogs in the mid-nineties, through the AKC hunt test program, which led me to NSTRA and I started running in 96/97.

Not long after, I started Crosswind Kennel and started training dogs professionally, which I continue to operate today. After getting my feet wet with NSTRA, I decided I really liked what the organization had to offer and wanted to spend more time getting involved and competing. Over the years, I have run dogs on the circuit in just about every region that is out there. I have served as the Michigan Region President for multiple terms and also served a few terms as First Vice President of NSTRA

Purpose

Being involved in NSTRA for many years, I have witnessed and watched this organization go through all of the ups and downs that come with these different bird dog venues that are similar to ours. All of these venues, including NSTRA, are primarily made up of the older generation and struggle to not only get new members interested, but to keep them coming back for more. It is vital for our organization to focus on promoting our great sport to grow our membership, so NSTRA stays around for generations to come. Growing our membership also goes hand in hand with creating and maintaining relationships with current & future sponsors of our organization. We all need to stick together to keep the bird dog hunting tradition around.

I do not think I have all the answers to the problems we face, but if I get elected, I would like this organization to be run by the National Officers and its Board of Directors - together. The BOD's participation always seems to be lacking, they are the voice of the membership, and that is vital to make NSTRA successful. Our membership is full of different professional backgrounds that could potentially provide different input and ideas, that I think we could use to our advantage to help fix, manage and grow for years to come.

Another thing I would like to do is take a look at all of the different formats NSTRA currently has, and the criteria that comes with them. I think this is one of the first steps to grow our membership. These formats have become confusing, especially for the newcomer. I would like to streamline them down to a more manageable format that works for everyone and is easier to understand. Also within this topic, is our electric draw system and data collection. We really need to take a look at that and see how we can make it better and more user friendly.

I would also like to work on building back NSTRA's relationship with American Field, like the way it used to be. We put so much time and effort into earning titles on our dogs that we should be able to show their success through their pedigree for generations to come. I think being associated with American Field will open the door to unprecedented growth.

I touched on sponsorship a bit, but I think it is a topic that is a living, breathing and always evolving piece of NSTRA. Bill Sumpter and his committee have done a great job in landing us new sponsors, and I would like to keep this momentum going forward. And, of course, continue to maintain excellent relationships with current sponsors.

Protests and grievances have always been around, it is just a part of the game that will unfortunately always be there. But I would like to separate our National Officers from having to deal with them, they need to be focused on running our organization, not tied up with these time consuming matters. I think it would be best if these cases were handled by a committee, whether they be elected, appointed or both.

Lastly, if elected President, I still intend to run my dogs on the circuit as well as continue to run my kennel and training facility. With that being said, I am going to need help and input from others. I have no intention of trying to run this organization by myself and I don't think any president should. My thinking is that we could form some sort of management team made up of members and past officers that can be assigned to different committees to look into the various issues that NSTRA faces and advise the current officers.

Thank you for your time and consideration,

Scott Townsend

Candidate for 1st Vice President BRIAN REBELLO

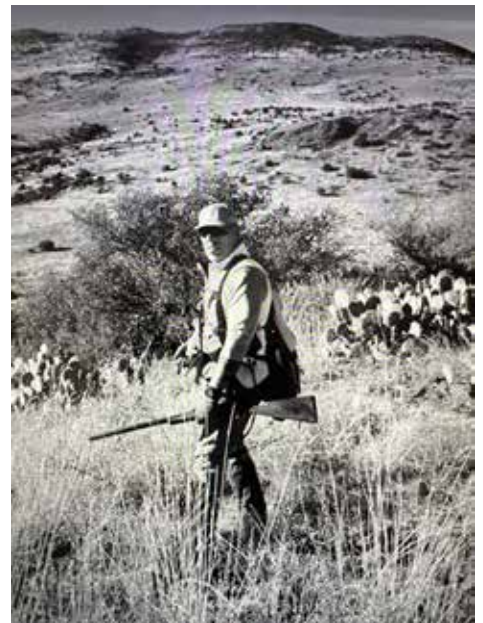

Dear General Membership,

As a 20+ year NSTRA Member I have been fortunate to be part of an organization that prides itself in the betterment of bird dogs and upland hunting. During my tenure in NSTRA I have served the AZ Region in multiple capacities as a board member, (9X) region president, judging instructor, judge etc. Several AZ Region Members and I spearheaded NSTRA into the State of Utah in which I was fortunate to Field Marshall the First NSTRA Trial in Utah.

As an avid upland hunter, I have been blessed to come across many NSTRA members while hunting all over the Western US. Our organization is special in that we can have friends that live thousands of miles away that enjoy the sport of upland hunting and have the same passion for their dogs as I do.

A brief personal history. I was born and raised in New England, served our Great Country for six years in the United States Marine Corps. After being stationed in the Western US, I decided to live my life in the West. I am married, a father of two and a grandfather of two granddaughters. I worked for Intel for 10 years building large semiconductor facilities.

While at Intel I purchased my first English Pointer pup from a co-worker, this started my love affair with Birddogs. After leaving Intel I started my own commercial construction company, sold it after 8 years and now I am in construction sales for a globally owned company. I am blessed that my schedule is very flexible which allows me to vacation, trial and hunt at my leisure.

Sincerely,

Brian Rebello

Candidate for 1st Vice President JOHN CULLEN

OBJECTIVE

To be a representative of nstra that is looked up to.

I feel nstra is losing more members than we are gaining, and as vice president I would like to change that, I would like to advertise more to get more people interested in nstra, and show Case our great sport .

EXPERIENCE

I have had hunting dogs my entire life, I've read a number of books and talked with professional trainer's, took classes on how to train dogs. I've hunted upland and waterfowl with my dog's. I have also guiding upland and waterfowl hunts with my dog's . I learned about navhda then became involved, I became the promotion director, than director of activities, then vice president of the Michigan chapter.

I heard of NSTRA and was interested, I got in contact with a member and asked more about NSTRA, I soon learned that NSTRA was something I wanted to do and be involved in.

I have run a number of dogs in weekend trials and national trials.

I have been on the Michigan board for 2 terms.

Mitch has always seen himself as a highly influential change agent seeking the elimination of waste, which likely began early in life modeling his father who wrote books on lean principles through the Air Force.

As a member of NSTRA for the last 10 years Mitch has held roles of Secretary, VP, President, and served on the National Election and Sponsorship committees. He is currently in his second term as president of the SoCal region and has been an officer for 8 of the 10 years of being a region member. Long before Mitch began NSTRA, the region had flourished with excellent facilities, equipment and financials. Along the way there was a mass exodus of very key leaders and members in the region due to varying life events crippling the region over the course of several years. Mitch along with many others stepped up and saved the region which was canceling events due to lack of dogs or judges regularly and through the use of technology and people had been able to not only get back into regular 3-point trials but also very healthy bye lists and financials without the ongoing lack of judges. Mitch always looks to solve problems or address opportunities through the use of People, Process, and technology.

Mitch feels there is substantial opportunity for positive change here at NSTRA pertaining to Process and Technology, while preserving the comradery of the NSTRA family, and maintaining focus on the growth of the organization. He feels with his background as outline above– he is the right person to truly analyze the current process and implement change as necessary.

Mitch Prowse

Candidate for Treasurer **BRENT UNDERDAHL**

I joined NSTRA in 1993 and have trialed in 12 different regions. I got my judging card and subsequently was named as an instructor conducting judging seminars every year or two. I have judged countless weekend trials and 3 national trials. NSTRA trials have been a family event including when our 2 sons came along. My wife and I feel we have a NSTRA family with very close friends all over the US. My dog trial experience is a blend of nerves, joy, and growth. Regardless of the outcome, my dogs and family members shared a memorable experience, which left us eager for the next trial.

I am running for the National officer position of Treasurer. My qualifications for the Treasurer position include treasurer positions for our local dog club, and for the Big Sky Region. Currently I am the VP for the Big Sky Region. I recently retired from a 40-year lending career with an association in the Farm Credit System where I worked with customers experiencing financial stress. From this experience I learned how to address difficult situations and decisions in a fair, even-handed approach. This skill will be an important asset as NSTRA faces critical business decisions and also in member accountability.

It is critical that NSTRA as a whole looks at managing the 3-legged stool of membership, trial grounds, and bird supplies. Without all 3 "legs" there will be no NSTRA. As national officers we need to manage the organization prudently with this in mind.

The recent developments of the amateur classification, the open combined format, and the mentoring program have been very exciting and encouraging. In our region the amateur dogs have been critical to filling trials and having a successful Regional Trial. The National Officers and Regional Leaders need to find more ways to support and encourage the amateur program. While I believe experienced handlers should be allowed to run amateur dogs, we need to be sure we are also encouraging and supporting new handlers. Experienced handlers should be encouraged to not continue to run dogs long term in the amateur ranks. For example, after they have 1x amateur championship.

Another area of focus for me is to encourage more National Trials in the western half of the US. We also need to work on expanding the use of judges from the western half of the US for National trials.

I encourage everyone to vote and appreciate any votes cast for me.

Shoot straight-shoot often

The Place

by: Randy Schultz

There is a place. Sometimes, when I'm driving or day-dreaming or thinking about places to visit again, this place pops into my head. It's in the mountains, about 7500' elevation. It's a mix of Aspen and conifers and sage and grass. The Aspen hide springs, water for the cows, deer, elk, and, best of all, Dusky Grouse. The grass is knee high in places, other places the grass is barely ankle high. Always the conifers are close by. There is not too much sage at this place. Other nice places have the sage flats border the conifers with a creek in the area. It seems water, grass or sage, and conifers are all required. In this place, the Aspens hide the water, giving protection from the hawks and avian predators.

From the truck, parked along a road, there is no mercy for the hunter, as the trail immediately starts angling up. Before long, after two or three rest/breathing stops, the view behind is spectacular with sharp mountains, alpine meadows, accented by the ever-present sound of flowing water. Ahead, the course is up, and more up.

This place is where, at different times, three of my dogs pointed and retrieved their first Dusky Grouse. I can't remember ever putting out at this spot and not coming back with at least two birds in the bag. One year, I had three in the bag, and I had to climb out of a bottom back up to the road and my truck. Dusky Grouse are a substantial bird, about the size of a Mallard duck. That was a lot of bird in the bird bag. It was a slow climb out, especially when I could clearly see the end, 500 feet farther up the mountain. It was a lesson I learned well that day. In the mountains, for me, I will try to take on the hard part first, and I won't give up one foot in elevation if I don't need to.

My mind drifts back to my last hunt there with my pup, JD, a 1 1/2-year-old female Brit. Up and up we climbed as JD ran ahead and down and back up the ridgeline we were hiking. Along the top of the ridge the angle lowered a bit, as JD ran ahead into the conifers and back out into the meadow. I wasn't expecting birds at this point. Usually, I would reach the apex of the ridge and start back down into some Aspen groves where the birds would be eating and watering. My other dogs, Blue and Shack, both had tremendous success in the Aspen groves. Most times we would encounter family groups of 6-10 birds. Today, JD and I reached the top and I stopped to look down on the Aspen thickets along the edge of the mountain, interspersed with conifer forest. I could go downhill and walk through three or four thickets on the way down to the bowl. The same one I climbed out of a few years prior. But I wanted to go farther along the ridge to where it drops into a big Aspen thicket. I turned to continue along the now-level ridge when my GPS beeped. JD was pointed at the edge of the conifers 100 yards dead ahead. I couldn't see her, but I knew she was steady, since the GPS updated every 2.5 seconds. Finally, I saw her through the trees, staunch and looking into the trees.

Just then, four birds flushed off the ground away from me and disappeared. Two more flushed out of a tree above the ground birds and headed right to me. I think they were focused on the pointed Brit, since they came right over my head. A tough shot for me normally, but that day I made it look easy.

I trained her to retrieve the summer prior, and she loved it. She hit that bird and flipped over the top of it. She is not a big dog, and I wondered if she would carry the big grouse. That was a non-issue, and she put the bird in my hand. We had a lovefest right there on the mountain. Then we dropped off to the Aspen groves below. The young girl bumped a bird in the tall grass around the Aspen and stopped to watch it fly off. Then, she was staunch on another bird in the tall grass on the other side of the Aspen. The bird flushed and I got lucky to hit it just before it rounded a big Fir tree. JD made another solid retrieve, and I loaded that bird up as I stopped to assess my location. I was halfway down to the bottom of the bowl with two Dusky Grouse in my bird bag. We discussed it and decided this would be a good time to turn back to the truck. It was a hard sell to the little Brit, but I convinced her we were just hunting in a different direction. She bought it.

By the time we reached the truck, I was tired of lugging the big birds. JD was not tired at all and ready for another trek up the mountain. This place yielded birds once again. It's a special place. There are other places in the area, some not far away. But this is what flashes in my brain throughout the hot summer. Aspen, conifer, grass, sage, roaring creeks, and Dusky Grouse.

The bids for the UKC Championship and Endurance Championship for 2025 and 2026 are due in the office by June 15, 2024 for the UKC and September 15, 2024 for the Endurance.

Wayne Fishburn's Save a Life NSTRA AED Fund Raiser.

In response to the recent losses of Aaron Humphrey and Paul DaCosta, who suffered cardiac arrests during trials, Wayne Fishburn from the Indiana Region led an initiative to raise funds for the acquisition of Automated External Defibrillators (AEDs), ensuring that multiple regions will have access to these life-saving devices. Thanks to Wayne's efforts, Indiana, Ohio, Kentucky and the Arkansas/Louisiana regions now have AED's.

*Please consider a donation to provide AED's for other regions.

**Kickapoo Molly's Revenge
Roger Parient, Jr. - IN Region**

Year Inducted 2016 Its been a little over a year since "Kickapoo Molly's Revenge" passed on May 19th of 2015 and I am just sitting down to write her Eulogy today. Not because I want to, maybe still being in disbelief that she's gone, but at the urging of NSTRA as she is being inducted into the Hall of Fame next week. Sitting with friend and explaining my dilemma, I said to him , These are generally about all the accomplishments in the field, The National, Regional and Field Championships earned and circumstances of a dogs Field Trialing career. Molly was much more than that, She was the first pet for my young family, a fixture in my office, the front seat of my truck, little league games, at the

lake or wherever our family adventure was. When she passed, the outpouring of support from the Field Trial Community was overwhelming and appreciated, but it was the response of my Family and Friends outside of the bird dog world that took me off guard. As I looked at the pain in the faces of my wife and children, I realized that they did not care about the field accomplishments, they had lost a family member. To those friends that only new her from my office, family vacations, little league games, summers at the lake, they had lost a friend that always greeted them with a friendly "WOO WOO WOO". See Molly and I came together a year after my father passed and a few weeks after I buried his Aussie named Kickapoo Molly, who grieved herself to death over the loss of my father. When I decided our family needed a pet, and I wouldn't mind one that I could hunt, I was put in touch with a Breeder (Bob and Liz Carver at RockPoint Kennel). So as I explained my situation, shed a few tears, I kept looking at this gangly little female German Shorthair pup with an umbilical hernia that nobody wanted, that they had happened to name Molly. So I decided to take a nice looking English Setter pup, but before I could leave I said I would take her to. See, what I did not know at the time, was that we needed each other. She needed someone to give her a chance and I needed a change in my life. Understand, I knew absolutely nothing about bird dogs. I was given the name of a trainer who specialized in Setters and Pointers by the name of Jim Carter. Jim was very hesitant to take her, but I think he really saw the potential in both of us. So our journey began with Jim literally training and mentoring both of us. Molly was an all or nothing kind of dog, she won big or she lost big, but always gave it her all. She gave me everything she had and I did the same for her. She helped me get thru 2 back surgeries and I helped her thru her bout with cancer. Which created a bond between us that is and was unexplainable. Although Molly was a Hall of Fame caliber companion and family pet, her field accomplishments rank her among the best; NSTRA Hall of Fame inductee 2016, 2x National Champion, 1x Purina Top Performance Winner, 12x Field Champion, 3rd RU National Champion, 2x Regional Champion, 2nd RU Regional Champion, More Final 6's and 8's than I can remember and She Graced the cover of 7 Magazines including the Pointing Dog Journal, Upland Almanac and NSTRA. Although she shined at home and on the field trial circuit, her true passion was wild bird hunting. The way Molly could handle a covey of quail, trail a pheasant or handle a grouse was nothing

more than amazing. In closing I would like to thank Bob and Liz Carver of Rock Point Kennel for breeding this wonderful dog. Jim Carter for having the patience to train us both and his grandson Mike Wayne for being our training partner. Scott Boomershine and Steven Cunningham for handling her when I could not. But Most of All , I would like to thank J.R. Coke, for without him convincing me 2 years in a row to pull her out of retirement on the last qualifying trial, she would have not ended her career with the bang that she did. As time inches forward, it will be about the memories created with this special dog, the miles traveled, the friends made, the joy and the heartaches. This dog truly changed my life's trajectory and I will be ever grateful to her for that. Next time I see you, I'm sure you will be on point..... 3x Nat CH, 2x Reg. CH, 12x Field CH Kickapoo Molly's Revenge 10-22-200 – 05-19-2015

**Moniteaus Ozark Rebel
Sam Ashmore - FL Region**

Year Inducted 2016 May 15, 2009 to March 2015 Dam – Moniteau's Calico Cali Sire – Ozark's Rebel Rex – NSTRA Hall of Fame, 11x NSTRA Ch. Originally owned and trained by Lonnie Jones of the Mo-Kan Region. In February of 2012 at just over 2 years old, with 6 NSTRA points, Boo made his home in Florida with Sam Ashmore. Sam and Boo spent the first summer just getting to know each other. The fall of 2012, Boo had placements in Florida and Georgia. In October of 2012 he was the 4th Runner up in the Dog of the Year Championship. The spring of 2013 was a little slower with some placements again in Florida and Georgia but there was some head scratching going on about how to get into Boo's head for motivation. The problem was he was a classic, super stylish- never really needed any correction or training..... just motivation; if you ran him back to back regular or practiced him, he would get bored which caused

some frustrations. Finally after some trial and error..... the best practice for Boo was really very little. He wanted to be your buddy at home and the "no practicejust take me to the trial every few weeks- attitude" and I'll do my thing and find the birds. The 2013 Dog of the Year Trial proved this theory correct. Boo took the championship that year which was 22 years to the date of his sire Ozark's Rebel Rex taking the title for 1991 Dog of the Year. In the spring of 2014, Boo placed 2nd runner up in the Florida Regional Championship trial. In the spring of 2015, Boo again showed his classic style and the "don't practice me attitude and bring me out when you need me" in the monsoon rain at the Florida Quail Invitational. He took off like lightning and went bird to bird winning the Championship. The rain never stopped and nor did he. Unfortunately while this was his most awesome run at 5 years of age -it would be his last as Boo passed away just a few short weeks after the QI. A very, very sad day for the Ashmore and Jones family indeed but what memories he left us with during his short life. 2X National Champion 3x NSTRA Champion 56 Lifetime points
