Letter from the President

Just got home from 2024 Dog of the Year. The trialers were blessed with great weather from the pre-trial to the final hour. It was a great week spent with great people!

Congratulations to all those who attended, but especially those who placed. The top six were, 5th runner-up Hob's Princess Arya O/H Billy Brock, 4th runner-up Bluegrass Ramblin Gambler owner Clay Little Handled by Jack Little, 3rd runner-up Dragonpoint Goodall Boones Farm Dakota Skeeter Owner Audrey Prowse Handled by Mitch Prowse, 2nd runner-up Twin River Jetson O/ H Phillip Chandler, 1st runner-up 100 Proof's Top Shelf Owner JW Collins Handled by Brian Boals, and Dog of the Year Champion Crosswind's Envy a Trip to the Train Station Owner Sara Thorne Handled by Brandon Ralston.

It was special to see two well deserving members being recognized as Distinguished Members, Kyle Kopfman (MoKan) and Stan Purdue (Georgia).
Congratulations to the three outstanding dogs that were inducted into the Hall of Fame, Crosswind Micro Chip O/H Scott Townsend, Ragin Cagun Zeus O/H Wayne Fishburn, and Sterndog Norton's Salty Jean's Bean O/H Geoff Sterner.

With this being my last President's letter, I want to take this opportunity to thank Marilyn, Bo, Mychalie, and Julie for all the time and effort they put in for the best interest of NSTRA. It was a pleasure to work with them. The two outgoing officers Julie Herwehe worked in the NSTRA office for fourteen years, and served as treasurer for three. Marilyn Cunningham has dedicated most of her life serving NSTRA. Marilyn has been a member for forty years and served as a National Officers for twenty-one of those. Congratulations to the newly elected officers, Scott Townsend president, Brian Rebello first vice president, and Mitch Prowse treasurer. I wish you the best in the future and look forward to this team leading NSTRA to new highs.

These letters are always hard for me, but this one is especially tough as it is bringing back memories of the last three years. So many good people I have met and shared the field with. Although there were many difficult situations we have had to deal with, looking back it seems minor when comparing them to the positives. With that being said, I so appreciate the opportunity and support you gave me to serve this organization. It has been a labor of love.

National trials are the responsibility of the National Officers with input from the Board of Directors and the local co-chairs of national trials. Criteria for entry, which may be subject to change, for the original 5 National Trials is available in the reference section of the Rule Book beginning on page 41, Section 11. If a particular national trial is subject to changes in the entry criteria, there will be notice provided on the official entry form, in the magazine, on the national website, and/or by email if available.

To enter a national trial, you may submit a hard copy official entry form and payment, OR you may scan and email an official entry form with payment information, OR you may send by facsimile and official entry form with payment information, OR you may enter and pay on-line on the website. NO EXCEPTIONS.

Please note that additional new national trials may be added from time to time and do not yet appear in the current Rule Book. Please contact your National Officer Representative or the National Office staff for additional information regarding such trials. The current list of National Trials is as follows:

QUAIL FOREVER, formerly known as Quail Invitational. This is a revolving trial generally held in February.

TRIAL OF CHAMPIONS. This trial is held in Amo, Indiana, in April.

NATIONAL AMATEUR TRIAL OF CHAMPIONS. This trial is held in Amo, Indiana, in April.

UKC PERFORMANCE TRIAL. This trial is a revolving trial generally held in June.

PURINA ENDURANCE CLASSIC. This is revolving trial generally held in September:

DOG OF THE YEAR. This trial is held in Amo, Indiana, in October.

TOP PERFORMANCE AWARD:
To be eligible:

*Dogs must have at least 20 open points accumulated in weekend trials between June 1 through May 31 of the applicable year. Once a dog is eligible, a schedule of scoring is applied based on the results at regional elimination trials and National Trials

*The Performance Trial will be the beginning national trial each year, even if it ends prior to June 1 in order to keep the number of national trials the same each year.

*The Regional Elimination trial results used in calculating Top Performance Awards is the regularly scheduled regional elimination championship in the qualifying year/season (only one regional

can count per year). Regionals scheduled or re-scheduled to be held after June 1 will apply to the previous year. Each regional elimination will have a point value of 600 points. The value will drop 25 points per placement until the last dog or points run out (1 – 600, 2 – 575, 3 – 550, etc.). The placement for the regional eliminations is determined by the score of the last round in which the dog ran. In addition, 100 points will be awarded to the Champion, 75 for the second-place dog, 50 for the third and 25 for fourth.

*The National Trials results are calculated as follows: A dog must place in the top 32 dogs to receive a qualifying score from that trial. Each national trial will have a point value of 800 points. The value will drop 25 points per placement throughout the Saturday cut (1 – 800, 2 – 775, 3 – 750, etc.). The placement for the national trial is determined by the score of the last round in which the dog ran. In addition, 100 bonus points will be awarded to the Champion, 75 for **second place**, 50 for third and 25 for fourth.

HALL OF FAME NOMINATIONS:

Hall of Fame nominations will be accepted in a rolling calendar throughout the year. Send these nominations to the nation office, or to a national officer no later than March 31 of the year in which a dog is to be considered. Nominations of dogs to the NSTRA Hall of Fame are NOT “carried over” to following years. Plainly stated, a dog that does not get elected to the Hall of Fame in the year nominated must be re-submitted in order to be considered for election. The National Officers, in concert with the Board of Directors, make selections to the Hall of Fame each April.

TRIAL SCHEDULES:

Fall/winter trial schedules are due in the office by May 1. Spring/summer trial schedules are due in the office by Nov. 1. All trials must be published on the website 4 weeks prior to their running.

SANCTION FEES:

Trial sanction fees are required BEFORE a trial packet is mailed and before a trial may be “approved” in the system. Please pay all sanction fees at least 4 weeks prior to your trial date to ensure prompt mailing of the packet and to ensure that the trial may be drawn in a timely manner.

TRIAL REPORTS:

Trial reports and results should be entered into the trial draw system as soon as possible after a trial and no later than 10 days after the trial date. Overall results will not be approved until the reporting is complete. First place points and championships will not be confirmed or awarded until the reporting is complete. (This includes receipt of all registration paperwork for placing dogs.)

HOME REGION:

Members requesting a change of Home Region must do so, in writing, through the National Office between the dates of October 1 and January 1.

*Exception: A member who permanently relocates to within the boundaries of a Region, other than their Home Region, may make written application to the NSTRA office at any time to request a change in their Home Region.

ASSOCIATE MEMBERSHIPS:

Associate memberships are available to members' spouses and children 18 years and under, still living at home. There must be at least one regular paid membership in the household to qualify. Associate members have the same rights as regular members with respect to participating in field trials (e.g., owning dogs, handling dogs, judging, bird planting, etc.). Associate member may not vote in any regional or national elections including rule or by-law changes, they cannot hold an office, and they do not receive a magazine.

RULE CHANGES:

Proposed rule changes or new additions shall be submitted sixty (60) days prior to the first day of the Trial of Champions and/or the Dog of the Year trial.

CONSTITUTION/BY-LAW CHANGES:

All proposed amendments to the Constitution and By-laws shall be submitted to the National Officers at least ninety (90) days prior to the first day of the Trial of Champions and/or the Dog of the Year trial.

(continued on next page)

REGION HIGH POINT:

Points earned in the qualifying rounds of a Regional Elimination or a Championship trial DO count towards the region's high point competition. Points earned in the finals of above trials DO NOT count towards the region's high point.

OWNERSHIP CHANGE:

Once a dog takes a NSTRA placement, any subsequent ownership changes must be sent to the NSTRA office. Please send a copy of new registration papers with the new owners' names to the office. The date of transfer will be the date shown on the registration papers.

UNREGISTERED DOGS:

As of June 1, 2022 a dog cannot run in a NSTRA trial without a system-generated dog profile or record. A trial coordinator cannot create the record. National staff or officers can only create the record once registration papers are received in the NSTRA office. In addition, there remain many "unapproved" dogs in the system. Unapproved dogs shall not be entered to run in trials until proper paperwork is received and appropriate action to create the record is completed. This can either be submitted by the owner or the trial chairman. We will accept copies by fax (317-839-4197), e-mail (office@nstra.org), or a photocopy by regular mail.

NSTRA DISTINGUISHED MEMBERS:

The NSTRA Distinguished Members award honors those extraordinary men and women whose contributions and achievements significantly helped develop, or continued to improve, the National Shoot to Retrieve Field Trial Association, Inc. This award will be presented annually at the Dog of the Year banquet. Nominations may be submitted at any time to the staff at the national office, to a National Officer, or to the current chair of the Distinguished Members Committee. A short description of the individual and their contributions to NSTRA should be sent to the national office. A picture of the individual should be included, if

available. Contact the NSTRA office for a list of criteria. The committee will review all Nominations and verify contributions.

Decisions will be made not only by the information submitted but by any other information collected. The committee will make their decision by the April Board of Directors' meeting. A permanent plaque will be located at the NSTRA office with a smaller plaque awarded to the individual or their family if deceased.

2024 PURINA/NSTRA ENDURANCE CHAMPIONSHIP TRIAL

The Iowa Gun Dog Club welcomed all to the 2024 Endurance National Championship from September 4th through the 7th. As usual, all was ready for the championship qualifying rounds and final one hour champion run. The trial is exactly what it says it is – an endurance for man and dog. Each brace ran will give us the winner of that brace and qualifier for the next round. Judges were Mark Kohlberg, Frank Llano, and Rick Bertinetti – all Illinois members. Pete Zeldenrust – Indiana – rounded out the team. Lori Sprick and Alan Anderson also Illinois members acted as marshals. Bo Marcum – Mo-Kan, rounded out the officials – all very qualified for their positions. The grounds were immaculate and the meals scrumptious. As always, Iowa was ready for the Championship venue.

Prior to the running of the Endurance Trial, the Iowa Gun Dog Club hosted a 3 day triple trial. Shaun Rydl was the chairman and the trial went smooth and trophies would be presented at the Wednesday evening welcome dinner during the championship trial.

We cannot say enough about the meals the girls always have ready for lunch and dinner. They cook for the pre-trial and stay over for the Endurance trial. And that's a lot of cooking. Thanks gals for taking care of us.

Wednesday's runs began at 7:30 sharp and follow:

Wednesday evening we enjoyed a meal by the Backbone Girls of Iowa. Always ready and waiting.

We held a raffle for the pink dog box which we purchased with a discount from Dakota 283.com. It was a hot item and won by Marilyn Cunningham and going home to Aubree Cunningham and her dog Tex. Hopefully you will be hearing more about Aubree and Tex in the near future. He's just a puppy, but loved by the Cunninghams.

The club held a silent raffle and had many items which sold for a good price. Bill Sumpter's son, Devon Miller provided us with some great music throughout the evening and we really appreciate this young man taking time out of his schedule to entertain us.

Thursday morning was another brisk, cool morning and the trial officials were in place at 7:30. A field follows:

Saturday dawned cool and start time was 6:30 a.m. All Trial officials were at their posts and the first brace went off at 6:30 as planned. This day will show endurance for man and dog as there is very little time between braces so we can finish by dark. It's grueling for those advancing, but all were up to the task.

So our all stars, Dale with Shiloh, Clifford with Billie, Etienne with Adams and Kara with Jolene headed for the shade for a cool drink and cool water for the dogs. The draw was held and pictures were taken before the next segment of braces.

****Picture of top 4 before the 2 braces.

Mark and Frank would judge the 2 braces held on A field after a short break. Bo would be planting 5 birds for each of the braces and Al and Lori would marshal. All four handlers would be in the blind for this brace and at approximately 2:30 the first brace would be released. Scores follow:

1st brace

Shiloh/Roberts would score on 3 birds – 85, 84, 83 points; 85, 86, 89 retrieves; 69 obedience; 86 ground coverage – total 667

Jolene/Laraway – 3 birds – 58, 87, 86 points; 59, 86, 72.5 retrieves; 53 obedience; 80 ground coverage – total 581.5

2nd brace

Adams/Lavoie scored on 4 birds – 86,89,89,88 points; 86,86,86,87 retrieves; 69 obedience, 83.5 ground coverage and 70 points on a back – total 923.5

Billie/Riley scored on one bird – 79 points; 75 retrieve; 58.5 obedience and 81 ground coverage totaling 293.5 points.

The stage was set for Shiloh and Adams to once again meet in the field with 10 birds waiting for the championship run. The spectators gathered at the edge of A field with lawn chairs and ATV's knowing it would be a great brace according to what these two dogs had done all week. Shiloh had scored on birds and Adams on birds so each had plenty of practice. As the brace started the two handlers headed straight into the field and had a point and find, however we did not know which dog had what. From then on we were unable to count the finds and when the handlers emerged from the field we found that they each had 5 birds and retrieves with no backs. The scores were so close, no one was going to guess at who had won and only the trial coordinator could pronounce the winner - OLES RUNNINRINGNECKS BUCKNAKED SHILOH (SHILOH) – scoring on 5 finds, 5 retrieves or KICKAPOO'S SAMUEL ADAMS (ADAMS) – also scoring on 5 finds and 5 retrieves. Final scores for Shiloh were finds 84,85,79,86 and 80; retrieves 81 A,81,83,80 and 80; Obedience 65, Ground Coverage 84 with a 0 back totaling 968 points. Having already had a back in earlier competition we did not have to set up a backing situation for Shiloh. Adams scores were finds 85,83,84,86,82; retrieves 80,82,83,80,81A; Obedience 64 and Ground Coverage 76 totaling 966. A difference of 2 points made Shiloh with Dale Roberts the newest NSTRA National Champion. And Adams a close 1st runner-up.

By this time, it was growing dark and everyone had gathered in the clubhouse for a little pizza party donated by Jamie and Kara Laraway. Thanks to them for this kind gesture.

Our sponsors for the event were Purina Pet Products, Garmin, Dogs Unlimited, Dakota 283, Moore Etc, Gun Dog Supply, J & L Lazer Masters, Onx, Asher Enterprises, Cable Gangz and Dog and Hunt Supply. Each participant received a 5# bag of ProPlan, an Endurance Trial hat, NSTRA pull-up mask, kool scarf, mini-cooler, and coasters.

From this time on, Billie was on her way in earning 14 open points. Billie was presented with a trophy from NSTRA and the winner's jacket, 125# of Pro Plan, \$50 Gift Certificates from Dogs Unlimited and a certificate from Garmin, vitamin supplement from Ramard's, Hunting App from Onx, 2 dog stake and chain from Cable Gangz, and \$50 gift certificate from Dog and Hunt. Jolene's first open point came on 11/13/21 at an Illinois Trial which only opened the way for this feisty little shorthair to begin her career. Her first championship was earned on 3/12/23 at a CBDC trial and the 2022 Amateur Championship win was her 2nd NSTRA championship placement. Jolene was presented with a trophy from NSTRA, 125# of Pro Plan from Purina, Gift Certificates from Dogs Unlimited and Garmin, vitamin supplement from Ramard's, Hunting App from Onx, 4 dog stake and chain from Cable Gangz, and \$50 gift certificate from Dog and Hunt. This little dog is loved by her Mama and only tries to please in the field. Great job to the Laraway entry, Jolene and Kara.

The 1st runner-up hails from our neighboring country of Canada, Kickapoo's Samuel Adams, 4 year old English Setter male owned by Etienne Lavoie, Florida Region. Adams is from Smith's Shadow Oak Caffrey (7 x NSTRA Champion) and Kickapoo Sioux Too (12 x NSTRA Champion). He is a 5 time NSTRA Champion with 99 points of which 69 are first place points. His first open point was on 6/27/21 with the 2nd placement of second place on 7/17/21. From this point on, off Adams went to earn 5 Championships in 2 years; the first in 2022, 2nd and 3rd in 2023 and 4th and 5th in 2024. He also won the CC Regional Championship in 2023. Adam's gifts consisted of his choice of a Backing Dog from Asher Enterprises or dog box from Dakota 283, the NSTRA Trophy and winner's jacket from NSTRA, 228# Purina Pro-Plan, \$50 gift certificate from Dogs Unlimited and a gift certificate from Garmin, vitamin supplement from Ramard's, Hunting App from Onx, \$50 gift certificate from Cable Gangz, and \$50 gift certificate from Dog and Hunt. Congratulations to this fine Setter and his handler Etienne and his sidekick Manon. We'll be seeing you all in Indiana or Florida whichever comes first.

And the WINNER, Oles RunninRingnecks Bucknaked Shiloh, 3 year old German Shorthair female owned by Dale Roberts, WTX/OK Region. Shiloh is a 2 time NSTRA Champion from Rising Sun Buck Naked (4 x NSTRA Champion) and Ole's Cuttin Loose Bailey. Shiloh has 41 total points of which 27 are first place points. She is also a 1x Amateur with 26 Amateur points. Shiloh earned her first open point at a IGDA trial on 5/7/23 and then placed between amateur and open points until January, 2024 at which time she became an open dog and rightly so. From March, 2024 until May, 2024 Shiloh earned 12 first place points. Her first NSTRA Championship came on 3/1/24 and 2nd in September, 2024 at the Endurance Championship. Quite a up and coming history for this fine Shorthair. Shiloh was presented with the beautiful NSTRA Championship trophy and winner's jacket, 436# of ProPlan from Purina, a Pro 550 Plus collar from Garmin, Dale's choice between a Dakota 283 dogbox or Asher Enterprise's backing dog equipment, \$50 Dogs Unlimited and Cable Gangz gift certificates, vitamin supplement from Ramard's, Hunting App from Onx, and \$50 gift certificate from Dog and Hunt Company. It was great having Shiloh and Dale in the winner's circle this week and happy to have Dale's wife Carmen there also. Congratulations to the Roberts and Shiloh for a super week in Iowa.

Shiloh & Dale Roberts – 2024 Endurance Champion

Each of the top 4 will also receive a 2024 Endurance zipper pullover from Moore's Etc. Sara also donated the cup coasters for each goody bag. Sara makes it so easy for the trial chairman to find goody bag items. Just tell her what you would like and she finds it and puts the logo making a nice gift. Our thanks to Sara for all her help and donations. It was a great time as always in Osceola. I did find out that we have a jockey in our association plus an Olympic wrestler. I won't give you the names, but both had interesting stories. It's always nice to have good neighbors when you camp and our Mid-North neighbors were great. They even watched to make sure I didn't fall out of the camper. Thanks guys. Also, our thanks to the Iowa Gun Dog Association for our many years of trials on these super fields. We will miss coming here in September and our best to your members and wives. Again, thanks to our sponsors. Our trials would not exist without your help and we do appreciate each one of you.

SNAKES

by: Randy Schultz

“Cheh... Cheh.....Cheh.”

“That’s a weird bird noise,” I thought to myself. Cheh..Cheh..Cheh, Cheh. “It must be some sort of Prairie Dog, or bird, or something.” I noticed the volume and frequency both increased just a bit while I was thinking about it.

This was Grouse Camp. I was in the high, hill country in Wyoming with six other bird dog enthusiasts. We were in a great area for Hungarian Partridge, but still in the grass so there were no Sage Grouse (no Sage) and no Dusky Grouse (no Sage and no Fir trees). The grass that year was lush and very tall, in some areas waist high. My little girl, JD, and I were taking a casual stroll by ourselves. I had no expectations for her, I was just working on her quartering, keeping me in sight and in front. It was a very pleasant and warmish day at about 7500’ elevation. Being a flatlander, it amazed me the power of the western sun. The sky is so clear and blue, and, with low humidity, there is nothing to moderate the sun’s rays. Even though the temperature was pleasant, outside the shade it was approaching hot.

We made a circular cast about a mile in length. We were on our way back to the gaggle of trucks on the horizon. I could just barely see JD and only about half the time. I noticed she had the range and direction out from me perfectly figured out. I was daydreaming about some inconsequential thing when I heard the first sound that puzzled me. “Cheh.....Cheh.....Cheh.” While wondering about the unusual noise, I was quickly drawn back to the present, and I took stock of my immediate surroundings. I was in tall grass that came about to my thigh. It was very thick, and I couldn’t see the ground. I was standing next to a green shrub of about two feet and next to the shrub was a low, natural stone wall about three feet tall that ran parallel to my course. I heard the noise again, this time a little more insistent. “CHEH...Cheh, Cheh, Cheh!

I hadn’t moved since hearing the sound the first time. Now, I began to localize the whereabouts of the sound. It was to my right, in the direction of the stone wall. I was wearing my sound attenuators, molded earpieces that protect my ears from the gunshots. The weird thing was that I could only hear the noise out of my right earpiece, but not the left. Without moving too much, I looked down to my feet. I could barely see them, and I did not move them. At all. The bush was to my right, the wall was to my right, the noise was to my right. And now the noise became insistent! CHEHCHEHCHEHCHEH, until became one noise, loud and long.

I finally realized I had a rattler, very close and very pissed off. That was about the time the hair went up on the back of my neck. I knew there was danger close. I knew he was upset and trying to give me every chance to leave. The problem was I didn’t know where he was! I thought I knew the direction, but was I willing to bet a snakebite on what I thought I knew? Just about then, in my mind, I imagined the “whack” of the strike on my right shin and the emergency it would create way up there in the Wyoming mountains. (It’s amazing what can flash through the mind in the blink of an eye!) I looked up and saw JD coming to me about 100 yards away. I realized then I was on high alert, and I needed to act before the dog got to me.

It was time to decide. I held my breath and, took a giant step forward with my right leg. Immediately, the buzzing stopped! I looked to JD, took another step and strode off to meet her and keep her out of the area. We evacuated the area with intention.

I realized the snake was probably only a foot or less away from me when I stopped. I couldn’t see him, but he knew right where I was. I was lucky I didn’t step on him. I’m glad he chose to warn me, rather than strike immediately. That’s one reason I think it was a mature snake. I’m thankful it worked out the way it did. He didn’t need to strike me, and I didn’t need to remove his head from his body- and the dog stayed safe. Everyone did what needed to be done, and we were all OK. It did cross my mind about snake avoidance training and whether, in this case, it would have worked for JD. I’ve seen it work first-hand while hunting but moving fast through that thick cover would be a worst-case scenario.

Over the years, I have seen many snakes, usually in Montana for some reason, mainly Prairie Rattlers. I have stepped over Rattlers, canoed by Moccasins, field trialed by Eastern Diamondbacks. I attempt to stay out of “snakey” areas, and I don’t worry too much about it. This situation ended well and merely added a story to the logbook. Bird hunting is 99% benign, but there is always that 1% buffoonery factor that keeps it interesting. .

From the dawn of humanity, when we were nomadic tribes hunting and gathering, dogs have been by our side as faithful companions, whether as fellow hunters or fierce protectors. The relationship has been ingrained in us as one of great significance, and there is much we as a species owe to dogs.

Around flickering campfires and beneath starry skies, early humans and wolves watched over one another, forming a bond that transcended survival. Over the centuries, this partnership evolved—from wolves lurking on the edge of human encampments to dogs curled up by the hearth, each step deepening the friendship. Dogs have become more than hunters or guardians; they are confidants, devoted friends, and loyal family members, embodying commitment and love in ways that remind us of the pure, timeless connection we share with these remarkable creatures.

Canine Rough and Tough Economy Kennel

Beginning as a manufacturer of military cases and storage vaults for safe and secure transport of payloads, Dakota 283 set out to deliver the same level of craftsmanship and quality to the protection of our dogs. The original Dakota 283 kennel evolved into a variety of pet products from food and water storage to the G3 and Hero Kennels, and now into our brand new CRaTE kennel.

The Canine Rough and Tough Economy Kennel was inspired by the adventurous spirit of our canine companions and forged with the resilience and endurance demanded by the wild. Able to withstand the harshest elements and toughest challenges, the CRaTE is rotationally molded in a single piece to provide maximum protection for your dog in the event of an accident. Because it is a single-walled kennel, there is just enough

flex in the material to absorb impacts without compromising your dog's safety.

Premium Quality at an Economy Price

Dakota 283 believes that every dog owner should have access to high-quality pet protection at a price they can afford. That's why we've created the CRaTE - to empower pet owners and offer an affordable kennel that will keep your dog safe.

Our Economy Line of kennels offers affordability and versatility while remaining both strong and portable. Dakota 283 was created to give people products that stand the test of time for their dogs. Our goal for everything we make is to have products that work in difficult environments. This is no less the case for our CRaTE kennels.

CRaTE Features

With molded-in handles and a streamlined, one-piece design, the CRaTE kennel is easy-to-transport while still offering top-tier pet safety.

Whether at home or on-the-road, the Dakota 283 CRaTE adapts to your needs. Our newly designed door can be opened to either the right or the left

and is also fully removable. When we designed the door for the CRaTE, we wanted to ensure as peaceful a journey as possible, so rattling is a thing of the past.

Some families have one dog, some two. Others have an entire pack. Regardless, space for a kennel is always a concern. This is why our CRaTE was designed with stacking in mind, not only with molding that nestles together, but also to be compatible with our stacking kit (sold separately).

We love airflow, and so do our dogs. To get the best ventilation possible, the CRaTE's walls angle out just slightly to keep the large vent holes from being blocked.

The CRaTE kennel is available in Intermediate, Large, and X-Large sizes to fit almost every dog, and in five colors.

With the Dakota 283 CRaTE kennel and its Lifetime Limited Warranty, you can be confident your dog is protected, no matter where your adventures take you.

Patience is the Virtue

By Rick Smith & Sharon Potter, Reprinted with permission granted.

Patience is a virtue. That's a phrase we bet you've all heard more than once. It's true, too, especially in bird dog training. Patience is one of, if not the most important skills a good trainer needs to possess. In order to allow a puppy or adult dog to learn something, a good trainer needs to be patient enough to let situations unfold and allow the dog to learn the consequences of its actions.

Unfortunately, that's not the way a lot of training scenarios play out. We seem to have a need to completely control everything, and to that end, we use our voice and hands to try to make things happen the way we want at the speed we want, which is usually too fast for the dog.

The fastest way to teach a dog something is to set up a situation where the dog needs to do its own problem solving, without any manipulation from us. This is behavior we can shape and encourage when the dog is just a little pup. If we can be patient enough to let them figure out how to get what they want without any interference from us, we are jumpstarting a learning method that will benefit the dog throughout its life.

The best, earliest example, and one we're sure you've heard before, is holding a puppy in your arms. The pup is happy to be there for a few minutes, but then it starts to wiggle, squirm, and finally struggle to get away and be put back on the ground. If we give in, the puppy learns via its actions that struggling makes us release, and it will repeat that behavior because it works. However, if we continue to gently hold the puppy in our arms until it stops wiggling and then set it down, the puppy learns that being calm and relaxed is the way to get put back down. In either scenario, the pup has found how to get what it wants.

We can carry that forward to the next step, which is on the chain gang. The pup has already learned that wiggling in our arms won't gain anything, and now it's time to learn the same thing on the ground. Jumping up and down, barking, bouncing around, digging... none of those behaviors will get us to come to them or take them off their spot on the chain gang. As we stand and watch, we need to be ready to reward any sign of being still and calm by taking steps toward the puppy – and we need to be just as ready to take a step back when it starts to bounce around again. After a few minutes of this, the dog realizes that staying still brings us closer and moving makes us back away.

Eventually, we get close enough to touch the dog, and again need to be ready to step back if the dog moves. What the dog wants at this point is twofold: They want our hands on them, and they want to be let off the chain. They earn that by standing still. It doesn't take all that long to put the whole process together. Most dogs figure it out in under 10 minutes the first time, and it goes even faster every time after that. Within a couple of days of consistent repetitions, you'll find your dog standing calmly to wait for your touch. The hard part in all of this basic training is being patient enough to wait the dog out. Too often, the person involved will start trying to talk to the dog and give commands – words the dog doesn't know or understand yet. And then the person tries to make the dog

stand still with their hands, which really messes things up. Be quiet, have patience, then reward the dog's correct behavior once it happens rather than trying to force it to happen.

This isn't just about working with pups or young dogs. As we move forward to more formalized training, it's important to let the dog learn from the situation, rather than try to manually manipulate things. Something as basic as training to walk on a lead is a simple process if we let the dog figure it out, but it can be frustrating and more complicated if we try to force the dog by holding it in place on a short lead.

We start by simply restricting the range by giving the dog plenty of lead, then let the dog run out to the end of the lead and stop itself while at that exact second we turn in the other direction and keep moving. This way the dog figures out that it needs to pay attention and go with us. At this point, we aren't worried about where the dog is in relation to our body. All we're after is to get the dog thinking about paying attention to where we are and where we're going – and the correction it gives itself by hitting the end of the lead teaches the dog to not hit the end of the lead, which teaches boundaries. We can then refine it to a specific spot at heel or wherever we want the dog to be. The important thing is not holding the dog in place with a tight lead, because that doesn't allow the dog to learn anything. We're doing the dog's job rather than letting them learn to do it.

The same process goes for the checkcord. All we're doing is increasing the range allowed and making the dog accountable for its actions by not pulling. We've set the dog up to learn not to pull by letting it hit the end of the lead or checkcord and finding out that it's not pleasant. All we really are during the process is a solid stop when the end of the lead or checkcord is reached. And that requires patience to let the dog learn it.

How about bird work? The very best education any dog can get comes from the birds. We shape their behavior, of course, but if a dog bumps and chases enough birds, it will learn it can't catch them and start steadying on its own. Unfortunately, in today's world, it's hard to have access to enough time, land, and birds to do that on a regular enough basis to get the job done, so we have to be more creative by using planted birds. The biggest mistake you can make on planted birds is to not allow the dog to find them with its nose.

Let's say you've got a bird planted in a field, and you know it's about 15 feet from a certain clump of grass. You know where that bird is, but your dog doesn't. And so, as you checkcord your dog crosswind, you aim directly for the spot where you put that bird. You're leading the dog into the scent and directly to the bird, rather than letting the dog work back and forth enough times to locate the scent on its own.

Again, patience. You may have to circle back and around several times in order for the dog to find the scent cone. Doing that allows the dog to find its own success, rather than having you lead it into birds. Dogs that have been constantly guided to the location of the planted birds are easy to spot. They stop and look back at you to see if they're going in the right direction. The dogs that have been simply given enough opportunities to work out the scent on their own are the ones out there working back and forth through the cover, trying to find the birds without our help.

There are things we do need to do with our dogs that require a more manipulative approach, but, for the most part, if we set up the situations in a controlled environment and let the dog learn by trial and error what works and what doesn't, it will learn faster and more thoroughly. These dogs also show a lot of confidence because they've learned how to figure things out. All we have to do is resist the temptation to do it for them. Patience is indeed a virtue when training bird dogs, and it pays off big when you see that confident, proud dog in the field.

2024 NSTRA/SHRINER'S FIELD TRIAL

Hot temperatures and winds were the setting for the 2024 NSTRA/Shriner's Field Trial held on October 12 and 13; October 11 was the Illinois Regional Benefit Trial. People came from far and near to join us in helping the Shriner's Hospitals. Regions participating were Indiana, Kentucky, Arkansas, Mid-West, Mid-South, Northern Illinois, Wisconsin and Illinois. We can't thank those who participated in any way for their support. Many of these people come each year to help raise money for the hospitals.

On Friday those judging were Scott Schwimley, Russ Taylor judging A Field with Ron Huels and Neil Resuli on B. The marshal was Al Anderson and birdhandler Andy Bennett.

C Field was Rick Bertinetti and Pete Zeldenrust judging with Donny Parker and Cliff Merkel on D Field. Marshaling both fields was Mary K Kunza with Wayne Fishburn as birdhandler.

Saturday judges for A field were John Verling and Walter Lehman. Ron Huels served as field marshal (when we could find him). Thanks goodness for Chris Hesper as he marshaled the A and B Fields all weekend. Devon Ralston was birdhandler. Lori Sprick and Don Markham, all the way from Diana, Texas served as judges for C field with Neil Resuli and Chad Prince working D. Mary K was the designated marshal for C and D. Rick Markham was the birdhandler for both fields.

Sunday officials were A Field Mark Kohlberg and Herb Ralston A field with John Verling marshaling and Bradon Ralston handling birds for both A and B. Mikeal Mulberry and Bob McCandless, both from Kentucky drove up Saturday afternoon to judge Sunday B field. J.B.Kunza and Bill Sumpter were judging C field with Mary K again handling duties on C & D for marshal. Kevin Sprick and Dean Reynolds judged B field. Grantfork Meats in Alhambra donated the hamburgers and brats which were prepared by Tim Reynolds for Friday. Tim also brought baked beans and potato salad which helped round this out for a wonderful meal. Our thanks to Tim for his support. Todd and Keith Huels fried fish for our Saturday lunch caught by Ron Becker, Dominic Fernally, Bob Zimmer and Woody Huels. The Shriner Unit brought their little wagon and fixed chicken wings to add to the meal with slaw and baked beans. Thanks to Todd and Keith, the best fish fryers East of the Mississippi.

Sunday was the Shriner's Day to shine with BBQ Ribs and all the fixins'. These people know how to make BBQ ribs so tender they will melt in your mouth. We always look forward to the Sunday meal from the Shrine Club. Our thanks to them for their help. The Saturday night banquet was held at the restaurant on the grounds of the complex. We were served a superb meal with appetizers by Mark Kohlberg and Rick Bertinetti. Each year we are treated to great appetizers donated by Mark and Rick and our thanks to both. The meal was very good with chicken cordon blu, mashed potatoes, vegetables and strawberry-spinach salad which was enjoyed by all.

South Carolina Regional Elimination was held at Tokeena Bird Dog Club. The weather was great.
