# Letter from the President

Happy New Year to everyone. As winter hits full swing, trialing in the south gets real busy and things in the north taper way off.

The Garmin Invitational held in Lake Wales this year is right around the corner. The folks in Florida have worked extremely hard at improving the grounds and the fields. It should be a great trial. I always looked forward to going to Florida with a trailer full of young dogs and spending the week getting them into birds at a fantastic place to camp and run dogs. I look forward to returning to those grounds; now if I can just get a dog qualified. LOL.

This year, as luck would have it, the Garmin trial falls the same week as the Pheasant Forever Expo in Minneapolis. Myself and a few other NSTRA members will be supporting the NSTRA booth; working on signing new members and talking with potential new sponsors. If you plan on attending the Expo stop by the booth and say Hi.

Good luck trialing. See ya out on the circuit.

*Scott Townsend*

*NSTRA President*

**PLEASE SEND:** Weekend Trial Report in a typed Word Document with the placement of photos clearly marked. PLEASE SEND the photos separately in jpg format with at least 300 dots per inch resolution.

The report and photos can be sent by email or uploaded to DropBox.

"Limit to weekend regional trialing in magazine will be 3 paragraphs - 300-400 words and 4 pictures".

# NSTRA MEMBERS - Important things to remember!

## Reminders – check back often!

National trials are the responsibility of the National Officers with input from the Board of Directors and the local co-chairs of national trials. Criteria for entry, which may be subject to change, for the original 5 National Trials is available in the reference section of the Rule Book beginning on page 41, Section 11. If a particular national trial is subject to changes in the entry criteria, there will be notice provided on the official entry form, in the magazine, on the national website, and/or by email if available.

To enter a national trial, you may submit a hard copy official entry form and payment, OR you may scan and email an official entry form with payment information, OR you may send by facsimile and official entry form with payment information, OR you may enter and pay on-line on the website. NO EXCEPTIONS.

Please note that additional new national trials may be added from time to time and do not yet appear in the current Rule Book. Please contact your National Officer Representative or the National Office staff for additional information regarding such trials. The current list of National Trials is as follows:

**GARMIN INVITATIONAL CHAMPIONSHIP TRIAL** Formerly known as Quail Forever. This is a revolving trial generally held in February.

**TRIAL OF CHAMPIONS.** This trial is held in Amo, Indiana, in April.

**NATIONAL AMATEUR TRIAL OF CHAMPIONS.** This trial is held in Amo, Indiana, in April.

**PERFORMANCE TRIAL.** This trial is a revolving trial generally held in June.

**PURINA ENDURANCE CLASSIC.** This is revolving trial generally held in September:

**DOG OF THE YEAR.** This trial is held in Amo, Indiana, in October.

**TOP PERFORMANCE AWARD:**  
To be eligible:

\*Dogs must have at least 20 open points accumulated in weekend trials between June 1 through May 31 of the applicable year. Once a dog is eligible, a schedule of scoring is applied based on the results at regional elimination trials and National Trials

\*The Performance Trial will be the beginning national trial each year, even if it ends prior to June 1 in order to keep the number of national trials the same each year.

\*The Regional Elimination trial results used in calculating Top Performance Awards is the regularly scheduled regional elimination championship

in the qualifying year/season (only one regional can count per year). Regionals scheduled or rescheduled to be held after June 1 will apply to the previous year. Each regional elimination will have a point value of 600 points. The value will drop 25 points per placement until the last dog or points run out (1 – 600, 2 – 575, 3 – 550, etc.). The placement for the regional eliminations is determined by the score of the last round in which the dog ran. In addition, 100 points will be awarded to the Champion, 75 for the second-place dog, 50 for the third and 25 for fourth.

\*The National Trials results are calculated as follows: A dog must place in the top 32 dogs to receive a qualifying score from that trial. Each national trial will have a point value of 800 points. The value will drop 25 points per placement throughout the Saturday cut (1 – 800, 2 – 775, 3 – 750, etc.). The placement for the national trial is determined by the score of the last round in which the dog ran. In addition, 100 bonus points will be awarded to the Champion, 75 for **second place**, 50 for third and 25 for fourth.

## HALL OF FAME NOMINATIONS:

Hall of Fame nominations will be accepted in a rolling calendar throughout the year. Send these nominations to the nation office, or to a national officer no later than March 31 of the year in which a dog is to be considered. Nominations of dogs to the NSTRA Hall of Fame are NOT “carried over” to following years. Plainly stated, a dog that does not get elected to the Hall of Fame in the year nominated must be re-submitted in order to be considered for election. The National Officers, in concert with the Board of Directors, make selections to the Hall of Fame each April.

## TRIAL SCHEDULES:

Fall/winter trial schedules are due in the office by May 1. Spring/summer trial schedules are due in the office by Nov. 1. All trials must be published on the website 4 weeks prior to their running.

## SANCTION FEES:

Trial sanction fees are required BEFORE a trial packet is mailed and before a trial may be “approved” in the system. Please pay all sanction fees at least 4 weeks prior to your trial date to ensure prompt mailing of the packet and to ensure that the trial may be drawn in a timely manner.

## TRIAL REPORTS:

Trial reports and results should be entered into the trial draw system as soon as possible after a trial and no later than 10 days after the trial date. Overall results will not be approved until the reporting is complete. First place points and championships will not be confirmed or awarded until the reporting is complete. (This includes receipt of all registration paperwork for placing dogs.)

## HOME REGION:

Members requesting a change of Home Region must do so, in writing, through the National Office between the dates of October 1 and January 1.

\*Exception: A member who permanently relocates to within the boundaries of a Region, other than their Home Region, may make written application to the NSTRA office at any time to request a change in their Home Region.

## ASSOCIATE MEMBERSHIPS:

Associate memberships are available to members' spouses and children 18 years and under, still living at home. There must be at least one regular paid membership in the household to qualify. Associate members have the same rights as regular members with respect to participating in field trials (e.g., owning dogs, handling dogs, judging, bird planting, etc.). Associate member may not vote in any regional or national elections including rule or by-law changes, they cannot hold an office, and they do not receive a magazine.

## RULE CHANGES:

Proposed rule changes or new additions shall be submitted sixty (60) days prior to the first day of the Trial of Champions and/or the Dog of the Year trial.

## CONSTITUTION/BY-LAW CHANGES:

All proposed amendments to the Constitution and By-laws shall be submitted to the National Officers at least ninety (90) days prior to the first day of the Trial of Champions and/or the Dog of the Year trial.

(continued on next page)

## REGION HIGH POINT:

Points earned in the qualifying rounds of a Regional Elimination or a Championship trial DO count towards the region's high point competition. Points earned in the finals of above trials DO NOT count towards the region's high point.

## OWNERSHIP CHANGE:

Once a dog takes a NSTRA placement, any subsequent ownership changes must be sent to the NSTRA office. Please send a copy of new registration papers with the new owners' names to the office. The date of transfer will be the date shown on the registration papers.

## UNREGISTERED DOGS:

As of June 1, 2022 a dog cannot run in a NSTRA trial without a system-generated dog profile or record. A trial coordinator cannot create the record. National staff or officers can only create the record once registration papers are received in the NSTRA office. In addition, there remain many "unapproved" dogs in the system. Unapproved dogs shall not be entered to run in trials until proper paperwork is received and appropriate action to create the record is completed. This can either be submitted by the owner or the trial chairman. We will accept copies by fax (317-839-4197), e-mail (office@nstra.org), or a photocopy by regular mail.

## NSTRA DISTINGUISHED MEMBERS:

The NSTRA Distinguished Members award honors those extraordinary men and women whose contributions and achievements significantly helped develop, or continued to improve, the National Shoot to Retrieve Field Trial Association, Inc. This award will be presented annually at the Dog of the Year banquet. Nominations may be submitted at any time to the staff at the national office, to a National Officer, or to the current chair of the Distinguished Members Committee. A short description of the individual and their contributions to NSTRA should be sent to the national office. A picture of the individual should be included, if

available. Contact the NSTRA office for a list of criteria. The committee will review all Nominations and verify contributions.

Decisions will be made not only by the information submitted but by any other information collected. The committee will make their decision by the April Board of Directors' meeting. A permanent plaque will be located at the NSTRA office with a smaller plaque awarded to the individual or their family if deceased.

# NSTRA TRIAL DATES and QUALIFYING DATES

## 2026 Garmin. Lake Wales, FL. February 25-28, 2026.

# SNAKEBITE- WHAT REALLY HAPPENED

by Randy Schultz

Blue worked well through the prairie brush. Sage and grass were on the hills above the alfalfa fields, and we made a pass through green, recently cut grass before moving to the coulees around the edges. I was confident we weren't leaving any birds behind. It was cool in the morning, but the heat of the day was not long coming. September in Montana is usually hot to warm, although I've hunted in cold rain many times. I was hoping for one of those cooler days. In fact, I delayed my trip this year to try and mitigate the heat, but the normal cycle of early and late hunts to avoid the heat was the plan.

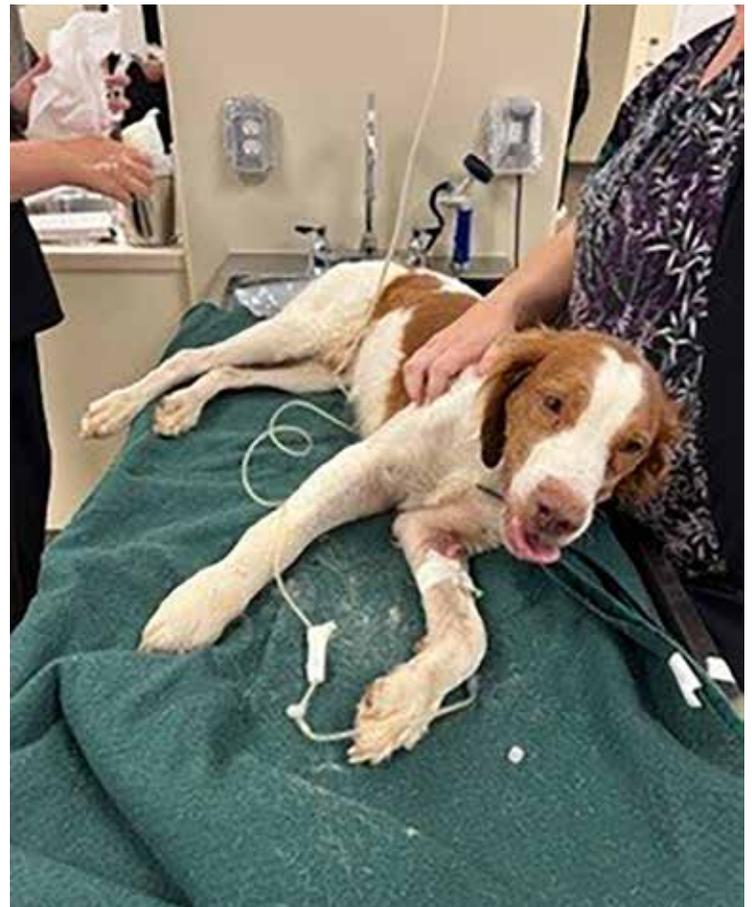

Blue is an eight-year-old male Brittany. He is long-legged and a medium-range dog (100-200 yds) and is a solid, reliable bird dog. I enjoy hunting with him because I turn him loose and go about enjoying a nice walk, waiting for the GPS tone to alert me to the find. Earlier in the walk, he pointed deep in one of the coulees above the alfalfa, but he was hesitant. His tail was down, and he moved a little. I watched him from about 30 yards away as he worked in some brush under a stunted fir tree. It wasn't normal behavior for him to move like that with a bird on point, so I called him off. I was worried about a skunk or porcupine. As I looked closely, I saw he was interested in a huge porcupine. The "bush" was moving. It was easily as big as my dog and looked even bigger, covered with quills sticking out. We moved on.

Truthfully, I'd become casual about the dangers to my dogs. It'd been many years since a skunk encounter and a porcupine engagement usually took a few minutes, plucking quills. After 30 years of hunting Montana and the Dakotas and other snakey states, I'd only seen a few, and the dogs always managed to avoid them.

It wasn't on my mind when, later, I noticed Blue chewing at his paw. I called him to me, expecting to find a cactus caught in his paw. He came over, holding the paw up, to allow me to pull it. This time, as I lifted the paw, he yelped in pain. I looked closely and didn't see any cactus, but I did notice a small, bloody mark on the top of his foot. I turned the leg over and saw another one on the underside of the leg, maybe an inch between them. Also, every time I touched his leg, he yelped. I knew then we had a problem. He'd just been working on a very thick clump of tall, green flowering plants. It was so thick, it was difficult to walk through. I peered into the clump, looking for a light brown Prairie Rattler. I never did see the snake, which was probably good for him.

Blue was hurting, and his foot was beginning to swell. I was about a half-mile from the truck, so I leashed him up and we started to walk. He wouldn't put any weight on the foot now, and the going was slow. So, I picked him up and carried him. That 43# was awkward with my gun, etc., but I was beginning to recall my conversation with my bird-dog-vet friend about snakebites. "Randy, the number one best plan is to get the dog to a vet, if at all possible. Anything else you do, while making you feel useful, will only delay the application of the anti-venom. The anti-venom will make the difference in the recovery, limit the tissue damage, and may even save the dog's life. Everything else is superficial, and any delay allows the venom to spread."

Taking that to heart, I got him to the road, then to the truck and in his crate. The leg was still swelling. At this point, he was panting and drooling, and any touch on his leg brought on a yelp. I cranked the Beast and headed to the nearest vet office, about an hour away. Luckily, the gravel roads were in good shape, and I could keep up a good, if marginally safe, pace through the prairie, headed to the paved highway and into town. I had the vet office in my contacts and called them once I got a signal. They were out to lunch when I arrived, and the office was empty. 45 minutes anxious minutes later, a car pulled up and the receptionist arrived. I carried Blue inside and said, "Snakebite!" She said all the vets were out doing pregnancy testing. I won't say what I was thinking, but she calmly called another town to find out they were closed that day. Then she called another town's vet and told me they were open and waiting for me. It was 90+ miles away. I will say this about that drive. I drove with intention. On the way, I texted my vet at home, concerned about the time between the envenomation and the application of the anti-venom. She said 4-6 hours would be fine, but she had good results up to 12 hours after the bite. I felt better about my situation and even slowed down a bit. I rolled up to the vet office 4 hours after the encounter and carried him into the office.

*IV meds being administered  
Right front leg is the leg that was bit*

I immediately felt comfortable with the vet. 38 years as a country vet in Montana, she'd seen many snakebit dogs and knew exactly what to do. By now, the leg was well swollen, he was still drooling, and the right side of his face was a little slack- all normal reactions to snake venom. The anti-venom was hooked up to the IV, and she came back and said, "He's in pain, but this will help him feel better." It was an injection of morphine. "I'll keep him overnight and will call you in the morning." That night, I got a text that said he was still very sick, but she was going in to change up the medications. Also, she found another bite mark farther up the leg, near the elbow, and there was no doubt in her mind that he got at least one "full load" of venom. That was a long, sleepless night at the motel.

Early the next morning, she texted that Blue was better, eating, and drinking, and I could pick him up at noon. When I pulled up Saturday morning, she was there with him on a lead. He still looked poor, but he was walking and putting weight on the leg. He got 10 days off and by the end of the trip, he'd recovered completely.

*Recovery a successful*

## What I learned:

Venom is nasty stuff. As it spreads through the body, it creates havoc with the tissues and organs. The faster the anti-venom can be applied, the better the outcome. Under 4 hours is the goal. Any delay can result in a worse outcome.

There is nothing you can do to help control the venom. Benadryl, Steroids, electric shock (really!), and pain meds only delay the application of the anti-venom. The anti-venom totally eliminates the venom by binding to the venom's toxic compounds, usually within a few hours. They are then eliminated via the liver, kidneys, and lymphatic system. It starts working immediately and effects can be seen in the blood pressure and swelling within an hour. It may take 24 hours to fully eliminate the bound venom from the body. The aftereffects can appear for several days and gradually subside.

Prairie Rattlers (the only venomous snake in Montana) have a hemotoxic venom. It affects clotting, bleeding, and coagulation. It also causes tissue damage, swelling, etc. Sometimes there is a small neurotoxic effect, as well.

**Know where the local veterinarian is located and have their phone number in your contact list. Have a backup.**

**Have a pet insurance policy that covers snakebite.** I have an accident-only policy that covers the usual hazards associated with bird hunting. It's a great peace-of-mind during a stressful situation. I have used it many times (only once for snakebite) over the years.

After consulting with my bird dog veterinarian friend, I chose not to use the vaccine. That is a personal choice. For those of you who use it, according to news reports, their conditional license has expired, and they are working hard to get it back.

Snakebite is traumatic, but statistics show it is rarely fatal. The presence of venomous snakes, in my opinion, should not discourage you from heading out to hunt in different parts of the country. In fact, to my mind, it's way down the list of scary things.

I consider the event a "wake-up call". Like I said, I've been pretty casual about snakes over the years. Will it alter my hunting? Probably not. Will it increase my situational awareness about the heat and snakey areas? Absolutely. I had a "snake bite kit" in my medical bag. It had steroids, antibiotics, and Benadryl in it. I never opened it. When push came to shove, I loaded the dog up and drove like the devil was on my tail. In fact, that was probably the most dangerous part of the event. I learned, or re-learned, that "slow is smooth, and smooth is fast". **So, be intentional, don't delay, and get the dog to the vet. The odds are well over 90% everything will be fine. Good hunting!**

My latest book "Endless October 3- The Finish" is now out on Amazon in paperback and Kindle formats. Please take a look. It will make a great Christmas gift for the bird hunter in your life.

# WELCOME, NEW MEMBERS!!

1. Where did you hear about NSTRA/what was the appeal of NSTRA for you?
2. What breed of dog will you be trialing/what is your background with bird dogs?
3. Will your family be a part of the association/attending trials with you?
4. Anything else you would like to include?

## David Wolfe

1. Frank Susi and Chuck Horvath from Northern Illinois NSTRA recruited me. Having known them both for many years from GSPCI and AKC Hunt Tests I decided it was time to give NSTRA a try.
2. I have been involved with Brittany's and GSPs for over 30 years. As of today I am down to one Brittany named Gear.
3. My son has GSPs and may join in the future however he lives much farther south.
4. A few of my AKC buddies also joined at the same time. I am looking forward to using the NI training grounds and training with them. Have found the current members to be very helpful in showing me the ropes of how to navigate the NSTRA rules. Should be able to compete soon.

## Tracy Steele

1. I heard about it at a NAVHDA event.
2. I have a Vizsla 12 months old

## Tyler Ward

1. The breeder who I bought my dog from is a very active member of NSTRA.
2. I have a German short hair pointer.
3. As of right now it is just me involved but I hope to involve others

## Devon Matthews

*My name is Devon Simons Matthews and I am married to another long time NSTRA member, Chad Matthews. We have 6 kids and live in Elgin, AZ. where we own and operate Blue Line Bird Dogs kennels. Our son, Garrett Matthews, was a bird planter for NSTRA AZ for a few years and was a great assistant out in the field training.*

*My husband and I just got our first English Pointer pup from Cactus Patch Arizona Bird Dogs, CJ Hamilton, and she is currently almost 4 months old. We are very hopeful and looking forward to making her a solid gun dog, most importantly, and then see where it goes from there. She is showing great promise for the possibility of running her in NSTRA Arizona.*

*We currently train all pointing breeds in our kennels with GSP's being the most popular. I love seeing the different personalities of each dog and watching each one develop at its own pace. To see the transformation; whether they're a pup, green, amateur, a problem dog or even just a touch up on a top dog, is truly a sight to see.*

*As far as my part in all of this, I am a photographer getting my business, D S Matthews Photography, off the ground and running. I started my first business years ago when I was 19 and stayed busy with horse shows, rodeos, weddings and such, and am back at it again years later. So thankful for the talent the Lord has blessed me with.*

*I go out training with Chad pretty much every morning and capture the process of each dog in beautiful pictures that can be put together in a custom photo album for the owners. I also*

*photograph the NSTRA AZ trials and offer packages for any owners that would like photos running their dogs.*

*Separately attached in another email are some of my favorite pictures of our pup Dee with Chad. I will also attach some of the pictures I have taken of our clients dogs in training. I am so grateful to be part of the NSTRA AZ family and now to be an official member. Thank you ☐ and I am looking forward to all the new friends and family to be made.*

**Chad and Devon**

## **Doug Berg**

*I grew up around the Amo area. My best friend's dad, Joe Jones, who later became my bird dog mentor, was involved in NSTRA, and as a kid I often tagged along with his family to trials at the Amo CBDC.*

*I joined the Amo CBDC about four years ago and recently became interested in trialing. Don Combs encouraged me to give NSTRA a try.*

*2. I currently have one English Setter, with another expected early next year. My daughter, Madison, enjoys bird hunting and has shown interest in trialing as well, and I'm hoping to get her involved in the future.*

## **The American Brittany**

The American Brittany Club is a member club of the American Kennel Club and the recognized breed sponsor by the American Field. The Club is comprised of many regional Brittany Clubs located from coast to coast. Most of the Clubs hold field trials, conformation shows and hunt test events. The clubs also hold meetings, fun trials, training sessions and other events of interest to the Brittany owner. Membership in the American Brittany Club entitles you to a monthly issue of the American Brittany Magazine. This publication which began in 1949 keeps you abreast of what is happening in the Brittany world. The magazine contains reports of field trials, shows, hunt test and agility/obedience events, club activities and articles on the care and training of the Brittany. The magazine also has articles on hunting and general interest as well as listings of kennels, stud dogs and trainers.

# 2025 Dog of the Year

The thrill of victory – having achieved his first National Championship, Etienne Lavoie is overcome with emotion.

*Etienne Lavoie & Adams with Wayne Fisburn & Hades with gunner Eric Forrester*

The Dog of the Year was another National trial for the record books. By the time the trial started, there were 187 dogs entered and no dogs on the bye list. Over half of the entries came from 6 regions: Indiana (17), Ohio (17), Michigan (17), Illinois (17), Kentucky (17), and Lone Star (10). There were 24 regions represented. There were 65 German Shorthair Pointers, 60 English Setters, 33 English Pointers, 22 Brittany's, 6 German Wirehairs, and 1 Griffon. The final 6 had 5 German Shorthairs and 1 English Setter. Each participant received a 6 lb bag of Purina ProPlan per dog, a NSTRA hat, and a personalized Christmas ornament with the dog's name & breed by Moore, Etc.

Tuesday before the trial started, there was an officials' meeting to ensure that all the officials were on the same page and the rules were understood.

*Ariel Alvarez (J), Cookie Anderson (FM), Martin Ueltschey (J), Jimmy Selby (J), Sam Hight, Greg Carnley (J), Bob McCandless (J), and Richie Hight (J) – missing Jean Steiner (FM) and Bo Marcum (BP)*

On Wednesday morning, participants gathered for a prayer and Bulger Mike Welsh, prior Army & now the commander of the American Legion in Avon to play taps.

*Bugler Mike Welsh*

*Gathered for the prayer*

The weather in Amo was perfect with lows in the 40's and highs in the 60's. I can't remember when the weather had been so comfortable.

Wednesday on A field were Field Marshal Cookie Anderson with Ariel Alvarez and Martin Ueltschey judging.

Wednesday evening, there was a welcome dinner provided by the Conservation Bird Dog Club and then the Board of Directors had their semiannual meeting. Thanks to everyone in the CBDC who worked so hard to pull this together.

Thursday, the trial began around 8 am – the officials that swapped fields & we were ready to go. On A field at the end of the 16 braces with 2 dogs tied for 16<sup>th</sup> & 17<sup>th</sup> with a score of 532 so Kyle Helmstadter's Annie and Jack Little's Abby had a runoff. Abby outscored Annie so Abby was the 16<sup>th</sup> dog to advance.

Thursday night was a catered meal by Jugg's Catering. Standard fare of fried biscuits with applesauce, but with a twist this year Build Your Own Taco – a welcome change from fried chicken. Well done Lisa Hall – something different finally.

*The line for dinner & the crowd*

*More of the dinner crowd*

After dinner, the awards were given for the trial placements & then The Purina Top Performance awards were given to Etienne Lavoie's Kickapoo's Samuel Adams for 1<sup>st</sup>, Sara Thorne's Crosswind's Envy a Trip to the Train Station for 2<sup>nd</sup>, Lori Sprick's Black Magic Bobbi Sue for 3<sup>rd</sup>, and Etienne Lavoie's Kickapoo's Ghost River Gold for 4<sup>th</sup>.

*1<sup>st</sup> Etienne Lavoie, 2<sup>nd</sup> Sara Thorne, 3<sup>rd</sup> Lori Sprick, & 4<sup>th</sup> Manon Chamberland standing in for Etienne, and our Purina Representative Greg Blair*

The next award for the evening was the presentation of the portrait by Bob Bertram to last year's winner of the Dog of the Year Crosswind's Envy a Trip to the Train Station handled by Brandon Ralston and owned by Sara Thorne

*Greg Blair presenting to Brandon Ralston & Sara Thorne*

To make the night extra special for Sara, her parents joined in for the award.

This year, \$2,500 scholarships were awarded to Oliver Howe, Connor Paitz, and Zachary Murray.

Oliver Howe is Gregory Mulberry's (Kentucky region) grandson.

Connor Paitz is the son of David Paitz in the Midwest region.

Zachary Murray is the grandson of Bill Moore in the MidSouth Region.

*Mychalie Moore presenting Gregory Mulberry with Oliver Howe's scholarship award*

*Mychalie Moore presenting Connor Paitz (Midwest Region) with scholarship*

Zachary Murray was unavailable for a photo, but congratulations to all.

Next, the meeting moved to the new inductees into the NSTRA Hall of Fame. The first award went to Quail Valley's Nose Knows owned by Adam Fellers. Nose was a 21x NSTRA Champion with 394 open points. She had 3 National wins & 10 top 4 National placements.

*Brandon Ralston, Mychalie Moore, & Kevin Schlarbaum accepting the award for Adam Fellers*

The next NSTRA Hall of Fame inductee was Clayton's TJ Micro Tequila Watson owned by Sam & Clayton Ashmore aka Sharron Watson. Watson was a Brittany male & an 11x NSTRA Champion with 207 open points with 121 1<sup>st</sup> place points. He had 3 National wins and 5 top 4 finishes in the National trials & was in the performance top 4 once.

*Sharron Watson, Clayton Ashmore, Sam Ashmore with Mychalie Moore presenting the award.*

The next NSTRA Hall of Fame award went to True Blue's 105 Howitzer a German Shorthair owned by Jamie Laraway and Kara Hartmann. Howi was a 7x NSTRA champion with 134 points with 80 1st place points. He won the 2022 Trial of Champions and was twice in the Top 4 of the Top Performance Award. He also won the Michigan regional 2 times.

*Scott Townsend presenting Jamie Laraway the Hall of Fame Award*

This year, there was one inductee into the Distinguished Member list – Butch Butler from the Florida Region who joined NSTRA in 1991 and was running dogs in 2019. He was a judge and a field marshal loaning his skills to NSTRA.

After the awards, there was an auction with Mikeal Mulberry as the auctioneer. The proceeds went to the scholarship fund & the CBDC.

On Friday, starting again around 8am at first light. For Round 2, the top 12 dogs advance.

It is hard to believe, but again the A field has a tie at the end of the day vying for the 12<sup>th</sup> place. As trial coordinator, this is the 3<sup>rd</sup> tie during the trials I have managed – it is beyond imagination that there would be 2 on the same field with a different set of officials. The tie was 655.5 between Abby handled by Ilie Fetelea and Bobbi handled by Lori Sprick. Bobbi & Lori came out on top & was the 12<sup>th</sup> dog to advance.

# NSTRA DISTINGUISHED MEMBERS AWARD

The NSTRA Distinguished Members award, established in 2012, honors those extraordinary men and women whose contributions and achievements significantly helped develop, or continue to improve, the National Shoot to Retrieve Field Trial Association, Inc. We are deeply thankful for their dedication to the sport of field trialing. These are the members whose leadership and commitment established this organization and continues to make NSTRA the premier bird-dog trialing competition it is today.

Nominations are to be submitted by August 31. A short description of the individual and their contributions to NSTRA along with a picture, if available, are sent to the national office. The selection panel is made up of 3 veteran NSTRA members (not to include National Elected Officers) selected by the National President reviews all nominations and verifies the contributions. The committee will make their decision by September 30 with the final selection of recipients will be voted on by the Board of Directors.

This award is presented annually at the Dog of the Year banquet. The first year 11 individuals were inducted. Thereafter up to 2 individuals per year are selected. A permanent plaque will be located at the NSTRA office and at the Bird Dog Foundation in Grand Junction, Tennessee. A smaller plaque is awarded to the individual, or their family if deceased.

The criteria for the award is as follows: The nominated Individual must meet a minimum of 5 of these criteria and item number 7 must be one of them.

- Involved in the early stages of development of NSTRA (prior to 1985) and remained involved throughout. Must have been a member in good standing for at least 25 years.
- Must have the acknowledgement and respect of fellow members as a person who has offered policy recommendations to the national officers and to the board of directors during his/her involvement in NSTRA, and who is clearly recognized as a founding member or an early years leader.
- During his/her time in the organization the individual must have been a national officer, a region president or a regional board member.
- Must have served as a judge in local, regional or national trials or have been involved in policy recommendations regarding rules and by-laws, or in judging seminars or other educational events related to the improvement of NSTRA.
- Must have been instrumental in establishing relationships with sponsors that have helped NSTRA to reach its current status among dog field trial organizations.
- Must have served as a mentor or role model to new members.
- Must be of sound moral character and never have been the subject of any disciplinary action by any NSTRA board or committee.
- Remains committed to the goals, objectives and ideals of NSTRA and continues to be willing to offer advice to the national officers when asked to do so.

## Phillip “Butch” Butler

Butch is a long time Florida Region Member who has always been there to promote, help, work or serve for the benefit of NSTRA. According to the database Butch has been a member since 1991 and actually, I think it was before that, which makes him a member in good standing for 26 years. During that 26 years has ran multiple dogs, judged, chaired trials, cooked dishes for the region and QI trials. He served as a Region officer or Director several times in the Florida Region and has been the judging instructor for several years.

Butch has judged 143 region trials and judged the National Quail Invitational in 2005, 2011 and 2012.

He is always there to help a new person whether it's to helps them at a training day with their dog or mentor them through their first trials. He helps new folks by running their dog until they feel comfortable enough to do it their selves or working with them outside of a trial to help them along.

One of the things you notice about Butch is that he always has a smile on his face and is a fair and honest person. He is basically “just a good guy”!

Dear NSTRA Members,

We are thrilled to announce the upcoming release of the Enhanced NSTRA Dog Profile Page, with new features designed to make managing and celebrating your dog's easier than ever, while also providing tools to aid in breeding and puppy litter selections. The following updates will be available Monday 12/1/25.

☆ What's Been Enhanced

- Comprehensive Dog Profiles – All your dog's information and their offspring in one central hub
- Placement Tab - Summarized Results with links allowing one to drill into the details
- Progeny Tab - Dig deep with ease into the details of the offspring with the same summarized categories above for all offspring combined and in detail as shown below

☆ Why It Matters

This new page enhances transparency, simplifies research, and strengthens community engagement by giving every dog the complete recognition they deserve.

☆ Get Started Today

The Dog Profile Page will be available in the NSTRA member portal under the same location as prior also found here <https://www.nstra.org/dogs/>. We encourage you to explore the new features.

Your feedback is invaluable—please share your thoughts so we can continue improving the experience with [mitch.prowse@outlook.com](mailto:mitch.prowse@outlook.com) or 805-540-9691 and he will discuss such ideas with the technology committee.

Thank you for being part of the NSTRA community.

Warm regards,  
NSTRA Technology Committee

# HALL OF FAME

## NSTRA Hall of Fame

The purpose of the NSTRA Hall of Fame is to recognize and honor dogs which contributed significantly to the ideals and goals as established under the original constitution and by-laws of the organization. NSTRA fosters the growth of walking style, quality field trials for all the pointing breeds of dogs. These field trials effectively extend the activity of upland bird hunting opportunities beyond open seasons for wild birds.

Recognizing the unique qualities of pointing dogs generally, NSTRA permits entries from among all pointing breeds and eschews bias or favoritism toward a specific breed. A fair and consistent method of judging provides for equity in competition. The legacy of great canine competitors of the past is a building block for the future. Acknowledging excellence in competition is only one component in evaluating a dog worthy of admittance to the NSTRA Hall of Fame. NSTRA has, as part of its mission, a commitment to discouraging nonselective and uncontrolled breeding. In other words, we desire that the best of the best are bred, producing offspring who also excel in this sport.

In April of 2002, the Board of Directors approved a select group of dogs automatically admitted to the NSTRA Hall of Fame. The dogs were split into 2 categories, 10 dogs in the pre-1990 category and 10 dogs in the 1990 to present category. Thereafter, 2-3 dogs are inducted each year based on the non-biased point system in effect when the nomination is submitted. Specific criteria changes from time to time, but the basics have remained the same: excellence in the field by the nominee dog and contribution to excellence in a breed as demonstrated by progeny of the nominee dog.

Nominations are accepted from November 1 through March 31 of each year. Each nomination is scored according to the current point system and the two top scoring dogs are chosen from among the nominations for the award. To qualify for the NSTRA Hall of Fame, a dog must accumulate 13 points through any combination of the following:

National Trial Win	8 points
National Final Four (2-4)	5 points
Top Performance Win	6 points
Top Performance Final Four (2-4)	5 points (Beginning 5/31/2015)
Regional Championship	2 points
Each 5 NSTRA Championships	1 point

If a qualified nomination is not selected in a given year, the nomination may be re-submitted in subsequent years.

# 2025 HALL OF FAME INDUCTEES

It is with a heavy heart that I submit the nomination for our beloved dog, Howi, to be inducted into the Hall of Fame. Though his time with us was tragically short, passing away at the age of six, Howi's impact was immeasurable. He was a true embodiment of perseverance, love, and joy.

From a young age, Howi exhibited raw determination that set him apart from all others. Whether it was in training or simply living life to the fullest, Howi showed a drive that hinted at the greatness he was destined for. His spirit was unstoppable, and he had the rare ability to turn every challenge into a triumph.

Though Howi's time was brief, he lived more in his six years than many do in a lifetime. He won the 2022 Trial of Champions and then back to back 2023 & 2024 Michigan Region Elimination Trials. He had this incredible ability to know exactly what Jamie was thinking and was able to act on it. They were a draw that you dreaded to run. Howi always showed up to the line ready to win for Jamie.

Howi's heart was the biggest I've ever known. His capacity to love, his eagerness to please, and the devotion to us was unmatched. He was not just a dog; he was a friend, a companion, and a true member of the family.

Howi was, without question, the best boy ever, and it is only fitting that he be remembered as the champion he was in every sense of the word. He may not have had more years, but he certainly had more than enough heart. Howi will be deeply missed, but his legacy of love, determination, and talent will continue to inspire and remind us all of the greatness that can be found in the purest of hearts.

*6 wk old Watson in hotel at Amo*

Watson was born on 9/16/2011 and left us on October 12, 2024. He was a 13+ year old orange and white male Brittany by Shale Valley's Microteq Bullet and Mel's Ginger of Otter Creek Kennels and affectionately known as "Watson". He was a loved companion and part of an exceptional field trial team. Trained by Chuck Tash (Tash Kennels, Alabama), Watson quickly bonded with his handlers and co-owners, Clayton and Sam Ashmore; (Sharron Watson co-Owner). An interesting fact was when we told Clayton he was going to be handling a Brittany... his response was "Dad, no... DAAdd, it's a Brittany not a pointer". However, after getting his first placement with Watson he told his Dad, "You handle the Pointers, I'll handle the Brittany's". After earning his first championship in October 2013, Watson and Clayton competed at Amo, IN and won his first National title at the 2014 NSTRA Trial of Champions. Watson was 2 ½ and Clayton was 18, they were the youngest NSTRA handler and dog to win a major NSTRA Championship. He had 3 National Champions, a total of 11 NSTRA CH, 207 overall points, and 118 first place points. Watson placed in the top ten in the 2014 Top Performance, 2016 he placed in the Top Four and again in 2019 in 3rd place. AKC/American Brittany Club NSTRA Dog of the Year in 2015 and 2019. Sam and I flew out to Vallejo, California to receive the AKC award and while there we went to the dog show exhibition and watched a lot of show ring dogs (Brittany's) and after watch the ring exhibition, Sam looked at me and said, "No Way will I do that"

A little bit about Watson. He was 26 lbs of all bird dog and loving house dog, smart, and loved his squeaky toys, had a gentle heart and very bitable, and who loved to get ahead of his bracedmate; loved to run, and had a lot of heart and wouldn't give up attitude.

Watson was delivered to us from Otter Creek Kennels by Robert Franks in a paper box riding on his front seat of his truck. This 6 week old pup first trial grounds experience, where his paws touched the ground, was at Amo and he loved those grounds almost as much as his Florida Home grounds. Watson ran in Florida, Indiana, Georgia, South Carolina, Iowa, Nebraska, Kentucky, and Alabama. He got his first placement in Alabama with a 2nd place, and his last placement in Georgia on 1/16/22 with a 5-bird and back run.

We will miss this boy a whole bunch but I'm sure he's running around quail heaven with Cooper having a ball chasing birds and not caring if he took a step on point...

# TIMING IS EVERYTHING

by Rick Smith & Sharon Potter

Watch a good dog trainer or handler teach a dog a new skill. They make everything look smooth and easy, and even if the dog offers resistance, the trainer just works through it until things fall into place. How hard can it be? You do this, the dog does that, and everything just sort of comes together, right? If only it were that simple. You see, every good trainer or handler was once a new person, doing this same stuff – only for the very first time instead of the 10,000th time. And we can promise you it didn't go quite as smoothly that very first time as it does now. There's a first time for every experience, and those first results are rarely as successful as we wish.

Remember the first time you sat behind the wheel of a car and took your first driving lesson? There was a lot to think about. Things are done in a specific order, from buckling your seatbelt, to putting the key into the ignition switch, putting your foot on the brake, shifting into gear, and so on. And if you're in our age group (we aren't going to divulge that exact information, sorry), you also had to learn to coordinate a clutch with a gas pedal, learn gear shift patterns, dim the headlights with a button on the floorboard, and maybe even work a choke. It takes practice to get into the rhythm of doing what needs to be done. Today's cars are pretty simple to drive, with electronics taking a good share of the responsibility, not unlike today's dog-training methods being much more streamlined than in days of old, also due to advanced electronics. Once you've driven enough, you don't even think about what you need to do to get in your car and drive from point A to point B. Your mind and muscle memory take care of that – you've repeated the action so many times, it's become a habit.

There's a repetitive, muscle-memory part of dog training, too. We learn to react and respond based on repetition and experience. But there's another component to that, and it's critical: **Every cue we give, every correction we make, every action we do has to have a start and a stop. That's called timing.** First, your body and mind need to know what to do, but *the important part is knowing exactly when to do it and when to stop doing it.* It's all about using our brain and really paying close attention. It requires 100 percent of our focus to be on our dog, watching the body language for a correct response to whatever it is we've asked. Why is this so critically important?

**Dogs learn to respond to physical cues by learning how to turn off pressure.** Let's use the most basic example: teaching a puppy how to walk on a lead. The first time you snap a leash on to the collar and the puppy gets to the end of that leash, he will pull and fight against the pressure on his neck. The pup doesn't understand the restriction, and his instinct is to fight the thing on his neck by pulling away. We're standing there with one end of the leash in our hand, and the puppy is tugging and fighting on the other end. While we haven't actually provided a physical cue yet, we have set up a learning situation. Eventually, this will turn into a physical cue from us, which is a light tug on the lead, meaning give in and go with us. But for right now, we're teaching that pup to problem-solve and find a way to stop the pressure on his neck.

For most people, this should also be a learning phase, because eventually that puppy is going to stop struggling and pulling. At the very second the dog stops pulling, we need to make sure we stop pulling, too, and pitch a

little slack to the dog. What usually happens is the opposite. We've been so focused on keeping the tension on the lead or rope that when the pup gives a tiny bit, we take up the slack and maintain the tension. What should happen is the opposite: a total release of the tension on the lead. Why? Because the release, or stopping the pressure, is the reward for the dog finding the right answer to his dilemma.

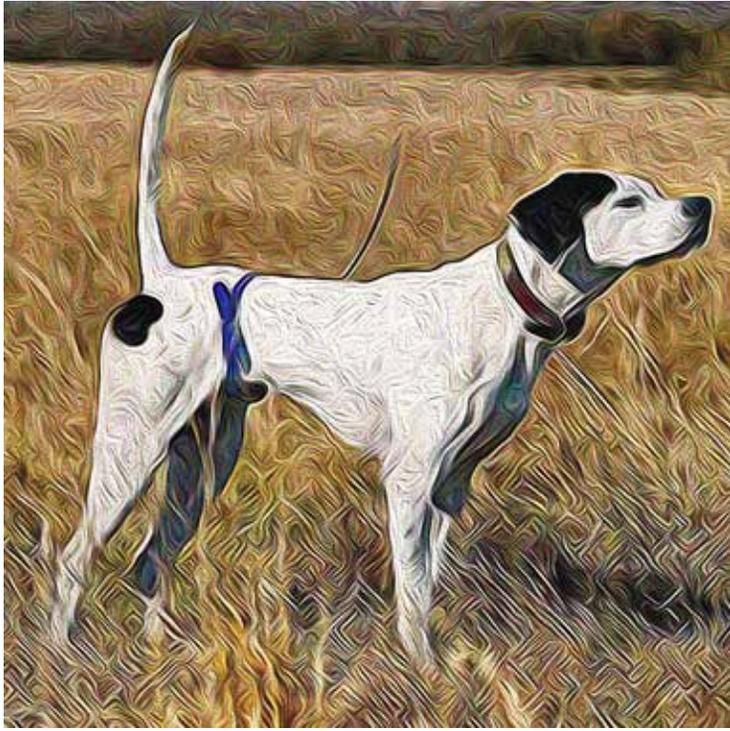

In the puppy-on-leash situation, that release will be pretty short-lived because within a few seconds, the pup will move again and find the end of the lead. And the pulling resumes. As this continues, the dog begins to problem-solve, finding a way to stop that uncomfortable pull on his neck. If we can remember to give that release and add slack at the very second the pup stops pulling, the dog will learn faster. Why? Because our timing is better.

Timing is about starting a cue or correction and then stopping that same action. The start of a cue gives the dog a chance to respond, and the stopping of that same cue tells the dog he's done it right. Both starting and stopping are important, but stopping is where a lot of people fail. If we don't release at the right time, it makes learning more difficult for the dog. The release should happen at the exact moment the dog is successful in order for the dog to understand and learn.

As we work with a more mature dog, hopefully we've done our homework and taught that pup how to learn, using good timing ourselves and letting the dog figure out what we're asking by giving clear cues and then stopping those cues at the right moment. To a dog, the cessation of a physical cue is more of a reward than any praise we give. He's focused on the task at hand and figuring out how to stop the pressure, while we tend to be focused on looking for the right time to praise rather than finding the right second to stop the cue. Stop the cue first, then if you want to add any praise, it can come after. Remember, though, the praise part is more about us being happy than it is for the dog's benefit. And the more petting and praise we give, the more the dog loses focus on what he's accomplished. As we move into bird work, timing becomes especially important. Let's pretend we're working on steadiness and stopping the dog from creeping,

and the dog has been through the whoa-post training and understands the use of the e-collar on the flank for whoa. We've got a bird in a remote launcher. Our dog is on point, and then we see the head and shoulders lower, a sign the dog is about to move forward. Don't do anything yet but be ready. Timing here is everything. What we don't want to do is try to stop the creeping by using **the flank collar**. Why not? Because it puts the focus on the **flank collar**, and many dogs will relate that discomfort to the bird, creating a negative reaction.

What should happen? At the very second the dog takes that first step to creep in, we should push the launcher button and get that bird flushed and gone. If the dog stands still as the bird flies away, nothing needs to happen on our end. But more likely, the inexperienced dog will break and give chase. Once the dog has committed to the chase – not just taken a couple of steps – we stop him via the **flank collar**. And at the very second the dog hits the brakes and stops, we need to take our finger off the transmitter button to reward that stop. If we don't, the dog's focus changes from the bird to the e-collar, and that's counterproductive. The focus should remain on the bird, watching it fly off and marking where it went. The timing of both the start and stop of the whoa is extremely important.

Correct timing builds confidence and understanding in a dog, while poor timing erodes them. It looks smooth and easy when you see someone experienced in this situation; however, there's a lot going on, and when you are doing this the first time or two, it's important that you've really gotten comfortable using the equipment before adding a dog to the mix. Take your time, go slowly, and pay close attention to the signs you're getting from the dog. And remember, every cue or correction has a start and a stop, and the stop is every bit as critical as the start. Your dog will thank you, and you'll be helping him learn successfully.
